OFFICERS ELECTED BY THE NEW COUNCIL IN RECORD SESSION

Expeditious and Harmonious Meeting Marks First Gathering of Organization

A SQUARE DEAL TO ALL IS SLOGAN OF ADMINISTRATION

Ed. Scheufler Elected Assessor of the South Side

With his desk elaborately decorated with floral offerings and an arch circling overhead upon which was placed the slogan, "A square deal to all," Mayor J. J. Verchota presided over the first session of the new council, Friday afternoon shortly after 2 o'clock.

All the extra chairs placed in the chamber for the inauguration of the new council were filled and the overflow attendance unable to find seats filled every doorway leading into the council room.

Although the meeting got under way a little later than the appointed time, the business of the session was transacted without a hitch and the election of the various officers was completed in record time. Alderman Mahoney said after the meeting that it was the slickest get away of any opening session during his entire time as an alderman in the council."

Two Officers Re-elected

Oscar J. Swenholt and Alderman W. P. Rooding were unanimously re-elected to the offices of city attorney and president of the council respectively. Patrick McGinley was retained as north side assessor, while Edward Scheufler, in competition with George Berger, William Scherrer and Chris Miller, received twelve votes to elect him to the office of south side assessor to succeed the late A. H. Pohl. Berger received seven votes, Scherrer and Miller getting one apiece. Charles Lemely was re-elected north side weigh master.

In his speech before the council after his re-election, Alderman Rooding expressed his appreciation for the confidence placed upon him as president of the city body. "I am cognizant of the responsibilities and assure you that my efforts will be for harmonious cooperation with the new mayor, as I have endeavored to do at all times, that the administration may be a success," Alderman Rooding said. "I know we may all take the stand of Mayor Verchota for an economical administration," he said.

Upon his re-election as city attorney, O. J. Swenholt expressed his appreciation of the confidence placed in him and assured members of the council that it would be his ambition to conform as he has endeavored in the past to render whatever service he may be called upon to perform.

Purchase Meters

The council took an informal vote on the purchase of 200 water meters from the Worthington Pump and Machinery company. It was explained that the meters could be bought at a slight reduction at this time.

Alderman Collins introduced a resolution fixing the bonds for the various city officers as follows: City clerk, $5,000; city treasurer, $10,000; city comptroller, $10,000; justice of peace for city at large, $1,000; city engineer, $1,000; commissioner of public works, $1,000; tax commissioner, $2,000; chief of police, $2,000; justices of peace, $500 each, and constables, $500 each.

WEATHER REPORT

For La Crosse and vicinity: Fair and warmer tonight and Thursday.

For Wisconsin: Fair tonight and Thursday; warmer Thursday and in southeast portion tonight.

For Minnesota: Fair tonight; warmer in west and south portions. Thursday, fair; warmer in southeast and probably in central portions. Thursday, fair tonight and Thursday; warmer tonight and in east and south portions Thursday.

Yank Army Fliers Smash World Records

DAYTON, Ohio.—By The Associated Press.—Victors in a gruelling test to establish a new world's endurance record for sustained flying, Lieutenants John A. Macready and Oakley Kelly, army aviators, Wednesday were recovering from exhaustion resulting from alternately piloting the Fokker monoplane T-2 over a fifty kilometer course for thirty-six hours, five minutes and twenty seconds.

The former record, held by Frenchmen, Pilots Bessontret and Broukin, was 31 hours, 10 minutes and 34 seconds. Lieutenants Macready and Kelly bested this record last fall flying over San Diego, Calif., but the record was never certified by the certification aeronautique internationale.

The record-breaking flight started Monday at 9:38 a. m.

Slipping out of the night into the glare of searchlights on Wilbur Wright field, Lieutenant Macready landed the huge ship at 9:43 o'clock last night after having covered 2,541.2 miles, setting a new distance record. The former record of 2,060 miles, held by Macready and Kelly, was made on their cross country flight from San Diego to Indianapolis last fall.

Four records were established during the flight. Other records made by Macready and Kelley were:

2,500 kilometers, 21 hours, 37 minutes, 3 seconds.

3,000 kilometers, 26 hours, 1 minute, 32 seconds.

3,500 kilometers, 30 hours, 28 minutes, 51.4 seconds.

4,000 kilometers, 35 hours, 6 minutes, 38.1 seconds.

The respective miles per hour average are: 71.86, 71.50, 71.20 and 71.

French Have Radio Plane

PARIS.—By The Associated Press.—An airplane controlled by wireless and automatically stabilized made a successful test flight Tuesday at Etampes in the presence of Under Secretary for Aeronautics Eynac.

The plane has been making intermittent flights for the past year. Its stabilization is now said to be entirely automatic and the solution of the few remaining problems in connection with its operation are in sight. Although the wireless control is described as perfect, flights for the present will be made with a pilot who will be employed chiefly as an observer in order that the invention may be developed as far as possible.

GIRL DANCER GOES SIXTY-NINE HOURS IN THREE STATES

Contest Stopped in Connecticut After Barred in New York and Jersey

LONG DISTANCE RECORD BROKEN ELEVEN TIMES IN SIX WEEKS

Marathon Dancing Barred in Omaha; Texas Girl to Try Again

CLEVELAND, Ohio. — Miss Magdalene Wolf of Cleveland at noon Wednesday had danced 72 hours and was still going in her announced purpose of setting the world's continuous dancing record at eighty hours. She broke all previous records at 8:41 a. m.

NEW YORK. Chief of Police Nedley of East Portchester, Conn., Tuesday afternoon stopped the marathon dancing contest that began Saturday night in New York, continued in West Fort Lee, N. J., and then moved over into Connecticut for the finish.

The chief stopped the dancing at 4:10 o'clock Tuesday afternoon, almost three hours after Miss Vera Sheppard, nineteen, had broken the world record, she danced exactly sixty-nine hours. The record she broke, established only Tuesday morning by a Cleveland girl, was sixty-six hours and six minutes.

Miss Sheppard had planned to keep going until she had danced seventy-five hours. But some of the residents of East Portchester, after watching the test for a few minutes, are said to have complained to the police that it was inhuman. The order to stop followed. The original order was to stop at 5:30, but Miss Sheppard pleaded for twenty more minutes to round out the hour, and the chief reluctantly consented.

Sole Survivor of Nine

Vera was the sole survivor of the nine who started Saturday evening at 7:10 o'clock at the Audubon ballroom in Manhattan. When the police interfered she agreed to a truce and all the way to West Fort Lee, N. J. There she danced to a ball until the police again broke her up. It was truck time once more, this time to a time Harlem that sent them more truck dancing to Connecticut.

The dance marathon record has been broken eleven times in less than six weeks. The time in hours and minutes follows:

March 6, Sunderland, England, 8:30. March 8, Marseilles, France, 13:26. March 26, Paris, 21:30. March 31, New York, Miss Alma Cummings, 27:06. April 8, New York, Miss Ruth Mullock and Jack Reiter, 40:05. April 9, New York, Miss Cummings, 50:00. April 12, Cleveland, Miss Helene Mayer, 52:18. April 14, Baltimore, 57:00 (eight couples and six others stopped by police.) April 15, Houston, Tex., Miss Magdalene Wolf, 65:23. Today, Cleveland, O., Miss Magdalene Wolf, 66:06. Today, East Portchester, Conn., Vera Sheppard, 69:06.

Omaha Bars Marathon Dancing

OMAHA, Neb., Mayor James C. Dahlman announced today following a conference with Health Commissioner Pinto that no marathon dancing contests would be permitted in Omaha.

DETROIT, Mich. The city council today adopted a resolution directing the commissioner of police to prevent a wrangled long distance dancing contest here before the council adjourned. The authorities were planning to place obstacles in the way of the proposed contest by revoking numerous regulations. One of them was a bar on the changing of shoes and stockings on the dance floor.

Miss Williams to Try Again

HOUSTON, Tex. When Miss Magdalene Williams, 20, was informed her endurance dance record of 65 hours and 32 minutes had been beaten in Cleveland, she announced she would set plans on foot at once to open a new contest next Monday in an effort to win back her laurels.

VOTE TO CONTINUE FUNDS FOR ACTION AGAINST TRUSTS

MADISON, Wis. The continuance of anti-trust prosecutions in Wisconsin is provided for in a $10,000 appropriation bill already engrossed by the senate. This measure continues the fund allowed Attorney General Morgan to institute actions against corporations violating the state anti-trust act.

This statute is now before the supreme court for a test of its constitutionality. A number of cases under it are still pending in the courts, making the fund recommended by the finance committee, necessary.

PREPARE STRINGS TO TIE TO FREE PUBLICITY FOR STATE INCOME TAX RETURNS

Assembly Kills Effort To Repeal Sunday Blue Law

MADISON, Wis.—The assembly Wednesday went on record as opposed to any change in the Wisconsin Sunday Blue law. By a vote of 48 to 39, it killed the Grahn bill, which would have legalized Sunday shows, games, entertainments, dancing and other diversions.

In killing the bill, the assembly over-rode its judiciary committee, which had recommended passage. A bill by Assemblyman Holly, seeking to bring legal holidays within the application of the blue law is pending in committee.

R. G. KNUTSON HEARS COMPENSATION CASES OF LA CROSSE PEOPLE

Industrial Commissioner Here for Three-day Hearing at the Courthouse

R. G. Knutson, member of the state industrial commission, opened a three day session of the commission at the court house Wednesday morning. A number of compensation cases are set for the three day hearing. Several local cases were heard Wednesday morning. The calendar for today is:

Nellie Redding vs. W. R. Montague company; W. A. Tower vs. George Ball Manufacturing company; John Robben vs. La Crosse Plow company; John M. Natwick vs. E. H. Officer and A. G. Nystrom; Andrew Johnson vs. Ball Manufacturing company; Mrs. Thomas Bramwell vs. La Crosse Telephone company; John Verman vs. the W. G. Montague company.

The cases set for Thursday are: John M. Knutson vs. Tax Commission; Joseph Schmidt vs. G. Heileman Brewing company; Agnes Frederick vs. Stamping and Tool company; William Rollins vs. White Construction company; Fred Rouner vs. John Gund Brewing company; Charles L. Lemke vs. La Crosse Stone company; William Bushing vs. F. R. Schwalbe & Sons; Orville Dimmer vs. Stamping and Tool company.

The calendar for Friday is: William Rose vs. National Gauge and Equipment company; Edward J. Showers vs. Yerly Coal company; Patrick O'Reilly vs. Wisconsin-Minnesota Light and Power company; Walter Higginton vs. Viroqua Creamery company; City of Westby vs. Christ Hole.

WISCONSIN GUARD UNITS TO TRAIN AT CAMP DOUGLAS

July 14th to August 29th are Dates Set by War Department

WASHINGTON, D. C.—The war department Wednesday made public plans for the training of troops of all branches in Wisconsin this summer. The Wisconsin National guard will train at Camp Douglas from July 14 to August 29. There will be at Camp Douglas the infantry, cavalry, artillery, tanks, medical units, military police and quartermaster's corps. It is expected that 373 officers and 6,343 enlisted men of the Wisconsin National guard will take the training.

The citizens' military training camp for Wisconsin, Illinois and Michigan will be held at Camp Custer, Mich., from July 21 to September 1. It is expected that 3,600 men from the three states will take this course. The reserve officers' training camp for the three states will be held at Camp Custer from July 14 to July 25. There will be 607 students in this camp. The organized reserve of the three states, having a personnel of 704 men, will train at Camp Custer from July 17 to July 31.

COMMISSION TRIES TO PREVENT USE BY IRRESPONSIBLE FOLK

Believe New Rules Will Protect Individuals and Corporations Except for Good Reason

MADISON, Wis.—By the Associated Press.—Regulations to govern the disclosure of information concerning income tax returns of Wisconsin corporations and individuals are being drawn by the tax commission, following Governor Blaine's signature to the Severson bill, repealing the secrecy clause.

Thomas E. Lyons, chairman of the commission, announces that a definite procedure will be outlined for obtaining income tax information. He intimated that the rules of the commission will be drafted to prevent, as far as possible, the promiscuous use of tax information by unresponsible persons.

Only For Reason

Members of the commission are of the opinion that rules can be put in force that will safeguard the earnings of individuals and corporations in Wisconsin, unless there is reason for their disclosure.

"We do not expect a great demand for income tax information at this time," Commissioner Lyons said. "Before political campaigns, however, and at other times when there may be a special use made of earning reports, there no doubt will be a demand on this office for the returns of certain individuals and corporations."

The tax commission expects, he declared, that additional work will be entailed by operation of the new law. It will have to organize to furnish the information legitimately asked for by persons seeking to take advantage of the statute, he said.

Was Campaign Issue

The secrecy clause in the past has operated to keep income taxes from the public. During the last campaign, Governor Blaine as an official, obtained much of the information held by the commission concerning certain corporations, and used it in campaign addresses. He and other progressives urged repeal of the secrecy provision contending that repeal would result in substantial results by uncovering unpaid income taxes, and by forcing individuals and corporations to make honest returns.

What the full effect of the repeal law will be the commission says that it is not in a position at this time to state.

PROSPERITY PUTS KINK IN BUSINESS OF "RED HOT" MEN

CHICAGO, Ill.—Prosperity has bankrupted the "hot tamale" business here and has caused the disbandment of the hot tamale and red hot salesmen's union, Ben E. Parker, organizer for the hotel and restaurnat employes' union, announced Wednesday.

SUGAR REACHES NEW TOP PRICE

NEW YORK.—New high records for the past three years were established in the refined sugar market Wednesday when leading refineries advanced list prices 10 to 20 points. Some quoted fine granulated as high as 9.60 per pound. The jump was due to the continued strength of the raw market and bullish reports as to the size of the Cuban crop.

"GOING UP"

BERLIN.—Germany's floating debt on April 10 amounted to seven trillion, two hundred billion marks, an increase of 602,000,000 marks in the first ten days of the month.

DAVIS CONDEMNS GARY DEMAND FOR MORE IMMIGRANTS

Letting Down the Bars Will Kill Budding Prosperity Secretary Tells Harding

PRESIDENT IMPRESSED BY COMING LABOR SHORTAGE

Cabinet Member Would Increase Instead of Cutting Restriction

WASHINGTON, D. C.—Declaration of E. H. Gary, chairman of the board of the United States Steel corporation that the restrictive immigration law had made imminent a serious labor shortage served on Tuesday to draw the attention of government officials to the immigration question and the labor situation.

Both immigration and labor conditions were touched upon by the cabinet at its meetings and Secretary Davis presented a report, which it was said later at the White House, convinced President Harding that Judge Gary was quite correct in his statement that a labor shortage was threatened.

The portion of Judge Gary's statement as made at the annual meeting on Monday in Hoboken, N. J., of the United States Steel corporation's stockholders, criticising the restrictive immigration law and blaming it for the threatened labor scarcity, however, brought replies from several quarters.

Say Congress Should Act

Chairman Johnson of the house immigration committee in a formal statement, declared there should be no relation in the restrictions of the act and ascribed criticism of the statute by large corporations to a desire for cheaper labor. Senator Heflin, democrat, Alabama, also issued a statement in reply to Mr. Gary, declaring that congress instead of liberalizing the present immigration laws should at its next session strengthen them.

Secretary Davis' report was written prior to Judge Gary's address, but declared "throwing open the gates at a time of prosperity in order to flood the country with workers and nonworkers would serve to bring prosperity to an end."

Wages on Rise

Mr. Davis added that unemployment now had been reduced to a minimum and that wages were rising, supplementing his report with a verbal statement to the president that a shortage of workers already existed in some of the skilled trades, particularly among the puddlers in the steel mills.

"Under these conditions, with labor everywhere in demand," the labor secretary's report said, "it is inevitable that there should be agitation among some for the lifting of immigration restrictions."

The report presented features of legislation which Mr. Davis hopes to have enacted by the next congress to supplement the present law fixing immigration quotas for the various countries. One is a proposal to conduct examinations in the country of origin, to prevent the frequent vain journeys of people barred at Ellis Island.

British Complain

LONDON.—By The Associated Press.—Britishers from all parts of the United Kingdom who desire to go to the United States are flooding the American consulate here with complaints that the shipping companies decline to give them accommodations on the ground that the facilities are entirely taken up to July 1.

Under the American immigration quota law, 77,342 British subjects are eligible to enter the United States in the year ending June 30 next, but only 67,000 have so far been granted.

Investigations by officials of the American consulate, it is said, show that accommodations on the trans-Atlantic liners have not been reserved in full. These officials say there appears to be a well-defined purpose on the part of shipping companies, including even the United States government owned lines, to grant passage only to those who are not in the exempt classifications with the intention of squeezing out as many of the latter as possible—such as doctors, teachers, scientists, and professional men—until after the quota of non-exempt categories has been completed on June 30.

JURY DISAGREES IN JACOBS TRIAL FOR MURDER OF DANCER

Failure to Reach Verdict Ends Fritzi Mann Trial After Half Hour Deliberation

SAN DIEGO, Calif.—Disagreement of the jury Tuesday night after 30 hours' deliberation ended the trial of Dr. Louis L. Jacobs, charged with the murder of Fritzi Mann, a dancer, and Wednesday preparations were under way for a second trial soon, probably within a month.

The body of Miss Mann was found last January on a beach near here. Testimony at the trial differed as to whether there had been water in her lungs. Dr. Jacobs, public health service physician at Camp Kearney, was said to have known Miss Mann intimately, and she was reported to have consulted him about her delicate condition at the time of her death. The state attempted to show that he had registered under an assumed name with Miss Mann at a cottage at La Jolla the night before her body was found.

ASSEMBLY IN TRIBUTE TO DEBS; SCORES JUDGES WHO VIOLATED RIGHTS IN WAR

Irish Irregular Band at Bay in Cave Above Sea

LONDON. — By the Associated Press. — Hidden in a cave 500 feet from the top of a cliff rising perpendicularly from the coast line near the causeway north of Kerry, a desperate band of Irish republicans has been holding out against the Free State troops since Monday in one of the most spectacular fights of the government's struggle with the irregulars, according to a dispatch to the Evening Star, from Dublin Wednesday.

Although the republicans do not seem to have a chance to escape they are able to guard effectively the precipitous approach to the cave, a narrow path from the top of the cliff, down which even the venturesome Kerry goat has not the temerity to descend. It seems improbable therefore, that the irregulars will be routed out so long as their food and water lasts. A yawning chasm beneath the mouth of the cave awaits the intruder who makes a false step in descending the path.

The body of one Free State soldier has been buffeted by the waves at the bottom of the chasm since the government's first attempt to dislodge the irregulars on Monday.

Would Put Borah, "Bob" and Johnson Out of the G. O. P.

NEW YORK. — Senators Borah, Johnson and La Follette should leave the ranks of the republican party and join the democrats, "where they belong," Nathaniel A. Elsberg told a large audience Tuesday night after his re-election as president of the National Republican club. His attack on the three senators was heartily applauded, and none arose to the defense of the trio.

"I want to see the time, and that soon," he said, "when men who have been elected by republican votes and supported by republican newspapers, and who style themselves republicans, but who at every opportunity assail a republican administration, president and cabinet, are thrown out of the republican party and over into the democratic party, where they belong. I have particular reference to Borah, La Follette and Johnson."

Superior Battles to Stop Distance Dancing Contest

SUPERIOR, Wis.—A legal battle impends here over whether or not non-stop dance contests are "non-stoppable" in Superior.

On the heels of an order by Mayor Baxter who forbids the contest a local promoter says a non-stop dance contest scheduled for next Friday will be held "as advertised." The promoter has obtained legal counsel and seeks a restraining order to prevent interference until the matter is thrashed out in the courts.

Headed by Rev. A. Skagen, local Lutheran minister, a delegation of clergymen made formal protest against the dance at a special meeting of the city commission held Tuesday afternoon. Local W. C. T. U. women met and passed a resolution which was filed at the mayor's office Wednesday.

Train Burns, Two Die When Crash Fires "Alky" Cars

NEW ORLEANS, La. — Engineer Hafen of McComb, was burned to death, Fireman Tom Rogers was fatally injured and a brakeman was hurt when a fast northbound freight train on the Illinois Central railroad crashed into the rear end of a standing freight train near Hammond, La., early today, igniting three cars of alcohol. Eleven freight cars and a mogal engine were consumed by the flames.

ASSEMBLY APPROVES POLAKOWSKI BILL TO ABOLISH ARMORIES

MADISON, Wis.—The assembly Wednesday engrossed, 51 to 37, the Polakowski bill abolishing state armories and transferring armory property to communities in which it is located to be used, for school or other purposes. The assembly voted down, 32 to 55, the recommendation of the committee on finance that the bill be indefinitely postponed.

The bill involves eight armories having an aggregate value of approximately $350,000.

MUSSOLINI A SPEEDER

BOLOGNA.—Premier Benito Mussolini was arrested and fined at Faenza for speeding.

PRAISE SOCIALIST LEADER WITHOUT A VOTE FOR RECORD

Leader of Socialist Party is Praised as "Outstanding American" in War

ATTACK COURTS FOR STAND IN WAR ON FREE SPEECH

"Waged Under Pretense of Making World Safe for Democracy"

MADISON, Wis.—Without acting on the assembly resolution praising the activities of Eugene V. Debs, the senate adjourned Wednesday. This measure came to the upper house as a privileged resolution and all unsuccessful attempt to have it considered was made by socialist members.

MADISON, Wis.—Eugene V. Debs, noted socialist, is commended for "his long life of unselfish service in the interest of humanity" in a joint resolution adopted with a few scattered noes, by the Wisconsin assembly Wednesday. The resolution pledged the assembly to attend in a body a lecture to be given by Mr. Debs at the Wisconsin university Wednesday night.

The resolution was introduced by Assemblyman Julius Kiesner of Milwaukee, socialist member. It eulogizes Mr. Debs as "an outstanding American, in that he had the courage during the hysteria and war madness to stand up and defend the ideals and splendid traditions of the founders of this republic regarding equality of opportunity and the rights of freedom of religion, free press, free speech and peacable assemblage, the keynote and guarantee of free institutions."

A joint resolution demanding the recall of public officials and judges "who have violated their oath of office, usurped power, deprived sovereign citizens of their constitutional rights and liberty and have thus done violence to free government," was adopted, by a viva voce vote, by the assembly along with the Debs tribute. The resolution was offered by Assemblyman Sachtjen of Madison.

The resolution sets forth that "during the late war, which was waged under the pretense of making the world safe for democracy, the constitutional guarantees of freedom of speech, press and peacable assemblage were flagrantly violated by certain officials and judges," and that "sovereign citizens were thrown into prison for long terms for exercising the right of free speech specifically guaranteed in the constitution."

The resolution demands that such "public officials and judges be held up to the scorn of all law-abiding men and that wherever possible they be impeached, removed from office and punished according to law."

CUP OFFERED BY BEN OTT IS WON BY K. C. MAAS

Whitewater Man Relays Over Five Hundred Free Citizen Radiograms in Month

K. C. Maas, 9AZA, Whitewater, A. R. R. L. district superintendent, won the Wisconsin Cup by handling 527 free citizen radiograms for the American Radio Relay League, Inc.

The cup was offered by Ben A. Ott, 9ZV, La Crosse, state manager, to the station relaying the greatest amount of traffic in one month. The cup will be Mr. Maas's property for one month, but should he win it three times it will remain in his hands permanently. E. N. Fridgen, 9CM, Trempealeau, Wis., with 305 messages was second in the race for the cup. The total number of messages handled in Wisconsin was 3071, while the central division, of which Wisconsin is a part, broke all traffic records in the annals of amateur radio with 12,700 radiograms, a gain of 12,000 over last month's total.

Mr. Maas, or AZA as he is known to his radio friends, was bitten by the radio bug way back in 1912 when spark coils and loose couplers were in style. He admits, however, that it was in 1914 that he saw what was a predecessor of three element vacuum tube and although it was too expensive for him to purchase it did stimulate his interest and he decided to go into wireless for fair. With only one interruption, which was during the war time ban on amateur activities, he has been steadily engaged with radio operation and experiments.

Shortly after the war a large spark transmitter was installed at AZA and this was in use until last December when a remarkable performance of a temporarily installed C. W. set convinced him of C. W.'s superiority. First fifty watts was installed and then another fifty watt tube was added. With a hundred watts the best distance covered was 2200 miles, while the station has been heard in 38 states, Canada, and the Canal Zone. AZA says he's out to win the cup three times in succession, but in the meantime he invites the amateur fraternity to drop in and look the cup over as well as the station.

ALEX PENDAK AND ACCOMPLICES ARE GIVEN SENTENCES

Leader of Box Car Thieves Gets Three Years at Waupun; Others Six Months in County Jail

Alex Pendak, gypman, chief and alleged leader of a band of box car thieves, arrested by special agents of the Chicago, Milwaukee & St. Paul and the Burlington railroads for thefts from box cars on the Burlington route at Waubeka, opposite McGregor, Iowa, was given a term of three years in state's prison by Circuit Judge Sherman E. Smalley in Grant county. Frank Cradley, William Jones and Boyd Clay, Mississippi river fishermen, who pleaded guilty to being an accomplice of Pendak in the Waubeka robbery, in which $1,500 worth of clothing and shoes were stolen, were each given a six months' term in the Grant county jail. All of the men are from McGregor, Iowa, and vicinity.

Ed Adams and Harry Hopkins, also of McGregor, have been arrested on a similar charge and are awaiting the action of the grand jury at the May term. In the meantime Adams is out on bail.

Burlington and Milwaukee railroad detectives, who have been working on the case all summer declare that the thefts were directed and executed by an organized gang. They claim to have the names of a score of persons who are implicated in the various robberies. The box car robberies alone total close to $25,000, they say.

NEW BISHOP MOURNS DEATH OF PRELATE

DALLAS, Texas.—"The church has lost a leader and I have lost a friend whose place can never be filled," declared Bishop Rich. Rey. Alexander Charles Garrett of Dallas, successor to Bishop Tuttle, who died at St. Louis Tuesday.

Bishop Garrett and Bishop Tuttle had been closely associated in church work for more than half a century.

NEW POLICE CHIEF SLAMS THE LID ON VICE IN CHICAGO

CHICAGO, Ill.—Directed by its new chief, Morgan A. Collins, appointed last Monday by incoming Mayor Dever, the police department of Chicago Wednesday was busy clamping and keeping closed the lid on gambling and commercialized vice.

The lid was slammed on gambling Tuesday night with an echo that reports said reached the negro district, hitherto regarded as somewhat more open with its gambling than other parts of the city.

Racing hand-books were doomed to follow the other forms of gambling Wednesday by order of Chief Collins, or operate under peril of arrest.

Fresh water eels travel about 6,000 miles in their lives.

Pretty Hair Guaranteed

costs you nothing if it fails

Any girl or woman who wants a world of lustrous, beautiful hair should try the remarkable Van Ess Liquid Scalp Massage. It is absolutely guaranteed, in writing, to stop falling hair and to grow new hair or the cost pays nothing. The gleaming hair you see everywhere is largely due to it. It is based on newly discovered scientific principles. Results are quick and amazing. Ask your druggist about Van Ess and the 3-bottle guarantee plan that comes with it. Costs you nothing if it fails. So it is folly not to test it.

PLANS FOR ROYAL WEDDING WAIT O. K. OF BRITISH KING

Buckingham Palace to be Scene of Marriage of Duke of York and Lady Bowes-Lyon

LONDON.—By The Associated Press.—Plans for the reception and wedding breakfast to follow the marriage of the Duke of York and Lady Elizabeth Bowes-Lyon are now complete and only await the approval of King George. This function will occur at Buckingham palace and the wedding will be so arranged that the guests can arrive at the palace not later than 1 o'clock.

The state dining-room and the great supper room will be utilized. The dining-room is to be used by members of the royal family and near relatives of the bride with a few privileged guests, between sixty and seventy in number who will be accommodated at a series of tables holding from 10 to 12 persons each.

At the principal table will be the king and queen, the Duke and Duchess of York, the Earl and Countess of Strathmore and Kingbourne, the Prince of Wales, Queen Alexandra, the ex-Empress Marie of Russia and the Duke of Connaught.

BE confident of this very thing, that He that hath begun a good work in you will perform it until the day of Jesus Christ.—Philippians 1: 6.

Opposing Views

IF Great Britain were disposed to offer her West Indian possessions to the United States to wipe out their value of her war debt to us the proposition would be one to be considered with seriousness. It might be well worth accepting, for the islands are of some strategic importance in relation to the Panama Canal, and are moreover prosperous and potentially valuable communities. But few Americans will regard it as consistent with the traditions and spirit of this government to attempt to coerce the people on the islands into territorial allegiance to the United States, or to try to force Great Britain to turn them over.

One gets an illuminating insight into the point of view of some of the interests that are clamoring for the British West Indies, regardless of the British or West Indians, in the following quotation from an editorial in the Chicago Tribune: ".....The best chance we had of getting the British West Indies was when our aid in Europe was needed in 1917. No use was made of that opportunity. No one in the United States was thinking of such things then, but it would have been wise and patriotic if our government had thought of them."

That is, of course, the authentic imperialistic attitude. Wars are opportunities for loot. Europe's agony was a fine chance for the United States to line its pockets with any choice tit-bit that might be for the moment unguarded. Whether you agree depends upon what your notion of wisdom and patriotism happens to be. If wisdom to you means acceptance of power and wealth as the highest good, if patriotism means selfish aggrandizement of your own country at the expense of others ("Deutschland Ueber Alles"), then that sort of thing seems to you only hard-headed common sense. If on the other hand you believe wisdom and patriotism include more than the pursuit of material possessions and the power to overawe and compel less fortunate nations, it will seem to you the lowest sort of sordid and greedy baseness.

American history in general indicates that the Chicago Tribune's sort of wisdom and patriotism has seldom been our actuating motive. When our people have risen to a crisis they have never been inspired by an appeal to selfish motives. The thing that historically rouses the United States is an appeal to loftier sentiments—independence, preservation of the union, freedom for an oppressed people, the defense of democratic ideals and forms of government. We can unite and fuse into a flaming passion of service for such causes. But imperialistic adventures, even when obviously profitable, like the taking of the Philippines, finds us greatly divided. Our record is not spotless, true enough, but the imperialists have never been able to force a dose of their nostrum upon the country without a deceptive sugar-coating of idealistic purpose which disguised the thing long enough to "put it across." And national opinion, if anything, is more wary of such matters than ever before. War has no glamor for this country, and the thought of war or diplomacy for looting purposes makes us sick.

This editorial is not written to attack the propaganda for acquiring the British West Indies. They might be useful if they came to us legitimately with the approval of their people, although they are not likely to come to us. The propaganda for trying to get them from the British is probably a futile waste of words that will die out of itself without editorial argument. What we wish to oppose is the point of view which looks at this and other matters as weighable only in the scales of force and profit. Such materialism is utterly opposed to the spirit which makes our American form of government unique in the world. When the day comes, if ever, that the United States will go to war to get something, or use its power as a weapon with which to scare another nation into surrendering to us something of value we covet, it will mark the destruction of the finest fruit of forty centuries of development in government, and a definite retrogression of civilization. The American idea of "government of the people, for the people, and by the people, with charity for all and malice toward none," is the practical expression of the best that the upward struggle from the beasts has developed in the race. It should be jealously guarded from those who, by the appeal to selfishness, seek to substitute a less worthy inspiration. Their way might, conceivably, make us richer and more powerful in material things. It would make us infinitely poorer in spirit and self-respect.

The Curse that Curses

THE world's greatly excited over the curse said to have been pronounced by King Tut-Ankh-Amen upon anyone who should disturb his remains. The death of Lord Carnarvon was sufficiently mysterious to give play to the old legend, and the world dearly loves to be terrorized by the supernatural. It may have been a mosquito, or pneumonia, or both. On the other hand, as one of the great Egyptologists observes, the tomb of Tut may have produced the cause.

Pronouncing curses to protect one's grave is not a new thing, and it may be as old as King Tut. It is Shakespeare, is it not, whose tombstone bears the inscription:

> Blessed be the man who laid these stones,
> And cursed be he who moves my bones.

But there may have been a difference between the curse of King Tut and that of Shakespeare. To be effective, a curse should be accompanied by a practical and hence natural means of its fulfillment. If the chemist of King Tut's time plastered his tomb with a deadly poison, and sealed it up some 3500 years ago, it would not seem strange to the unscientific mind that the debris of excavation and the dust that it created might be deadly even to this day.

And so, if King Tut was a practical man, his curse may actually have fallen on Lord Carnarvon. In that case the man to ask about it is not Sir Conan Doyle, but a first class chemist.

In Ye Olden Times

TEN YEARS AGO TODAY

Residents of Rose street affected by the new viaduct proposition became active today when they took up a discussion of the damages which will accrue to abutting property through the construction of the new viaduct. Homes will be raised and moved and strips along the front of the property will have to be bought by the city. This will mean a great outlay by the city in addition to the cost of the bridge.

Articles of incorporation of the Bangor Creamery company, were filed with Register of Deeds Andrew Thompson today. The new company is incorporated for the purpose of "buying milk and cream and manufacturing dairy products." The company will build a new creamery in the village of Bangor. The capital stock is $8,000. The incorporators are: Orrin Fletcher, George R. Jones, R. H. Raffelson, J. G. Hatz and John Barclay.

The Rubber Mills, being short of men employees, conceived the idea of applying to the north side police station for men, with the result that of the four lodgers sheltered in the station last night, only one took advantage of the opportunity. The others all declined, saying they had urgent business elsewhere.

TWENTY YEARS AGO TODAY

The C. H. Nichols Lumber company has purchased a new shingle mill near Seattle, Wash. Don Pooler, formerly of this city, is to be superintendent of the new plant.

E. P. Larson and Henry Nein will soon open an up-to-date clothing store in the building just vacated by Wm. Strauss in North La Crosse. Both men are well known here. Henry Larson clerked for many years in the Continental for P. A. Bjorn and also for Peter Newburg.

Rev. Nellie Mann Opdale and Dr. Abby M. Adams left last night for Boston where they will make their future home.

Because its weight is too great the cupola on the corner of the Park Store is being torn down by workmen. It is Mr. Doerflinger's intention to erect a handsome cornice to take the place of the cupola.

THIRTY YEARS AGO TODAY

D. E. Rice, foreman of the Sawyer and Austin planing mill, is receiving orders from Minneapolis for his new Shimer head grinder which he recently put on the market.

Mrs. Joseph Jensen has rented the restaurant on Pearl street between Second and Third and will run it in the future.

Riley and Darling have the contract for the erection of the new livery stable for Mr. Williams on North Sixth street.

Work was begun on the north side ball grounds today laying out the diamond. It will be so arranged that the sun will be kept out of the player's eyes as much as possible.

The foundation has been laid for J. W. Hughes' residence at Fourteenth and State streets.

Impersonating Stephen

By H. LOUIS RAYBOLD

Stephen's uncle, James K. Harrington, flung the crumpled sheet into a chair and stared glumly at the traffic streaming down the avenue. How many of his friends speeding officeward were discussing his nephew's latest escapade? Again he reviewed mentally the staring headlines:

"UNDERGRADUATE INJURED IN MIDNIGHT JOYRIDE!
Nephew of Well-Known James K. Harrington."

Harrington pressed a button. "Tack my things, Bangs," he ordered. "I'm going east for a few days."

Thus it came about that young Steve, convalescent after a few bad days, faced his uncle in the private room at the hospital and knew he was in for a disagreeable half hour. Just how disagreeable and portentous he had no premonition.

Resolved on stern measures, Harrington wasted but a moment in perfunctory inquiry as to the state of his health, then plunged straightway into the little scheme he had evolved.

"Stephen," he began, "I've given you too much rope, and now I'm going to rectify that little mistake, if possible, before it is too late. And I am going to do it in my own peculiar way. You have met my wife's niece, Miss Barbara Endicott?"

Stephen regarded him suspiciously. "Yes," he said shortly.

"Well," said Harrington, "she is the girl you are going to marry. That is, if she'll have you. She is precisely the type of wife you need to steady you. If you will persuade her to marry you I'll settle an even hundred thousand on you at once. Or, if you do your best and she will have none of you, I will permit things to go on much as before if you behave yourself. Otherwise, never a cent of mine do you get."

Stephen rose with as much dignity as a dressing gown permitted. "I am not for sale, Uncle James!" he said coldly.

Some two years later Roger Dean swung into the home office in a western city, where his employer greeted him cordially.

"Hello, Roger," he said. "What's the game?"

"Game?" echoed Roger. "What game?"

The other drew toward him an open newspaper and indicated a picture.

With a start of surprise Roger examined it intently. "Is this your picture?" ran the accompanying advertisement. "Or is it a striking resemblance? If so, and you wish to earn a large sum, call at the office of W. Sweet, room 212, Hotel Garde, New York."

"Well, I'll be hanged!" exclaimed Roger. "It may not be my picture, but it sure is doggone like me!" He paused meditatively. "Have half a mind to investigate if you'll let me have the time," he said thoughtfully.

A day or two later Dean found himself face to face with a hatchet faced individual who regarded him nervously. "Ahem! You are Stephen Harrington?" he asked at once.

Roger regarded him blankly. "Me? I'm Roger Dean, salesman for the Premier Lawnmower people," he snapped out.

"Even so," said the other, quite evidently relieved. "You would not be averse to righting a wrong, and at the same time making a little on the side? I thought not. Well, listen, and I'll give you the gist of the matter. James K. Harrington is dead." He watched the other man intently, but could detect no sign of emotion. "And has left a most peculiar will. Within six months his nephew, who disappeared a while ago, and his niece, Barbara Endicott, are to appear before witnesses and agree or disagree to marry each other. If both agree the estate goes to them jointly. If only one agrees, he or she gets the entire estate. If neither agrees the money goes to charity. The legacy totals," he smacked his lips, "in excess of $1,000,000."

"And just where do I enter?" questioned the young fellow.

"Well," said the lawyer hopefully, "young Stephen evidently is dead. Certainly his uncle left no stone unturned to discover his whereabouts. And as the case stands the young lady would get her half of the estate. If he turned up and refused to marry her she would get it all. She is a woman of principle and would never agree to marry him for the money, but I fancy, if she felt sure of his refusal, would tactfully agree for the sake of obtaining so vast a sum, with which she might do as untold good. Now you, not being the real heir, naturally cannot agree to marry her. But by simply impersonating him and being present to refuse can rake in a neat little sum. Get me?"

Roger regarded the lawyer appreciatively. "Man," he said heartily, "you've got a brain. Count on me."

It was a solemn little group that gathered in the library of the former James K. Harrington. Roger could not refrain from casting frequent glances at the quietly dressed girl who, accompanied by her mother, sat in a big chair at the opposite side of the room. Her face was expressionless during the reading of the will. Then, expectantly, she lifted her eyes as the lawyer rose to his feet.

"It is my duty according to the terms of this document to put a question to you, Miss Bradley. Will you marry this—er—Stephen Harrington?"

Barbara's eyes fell once more. "Yes," she said softly.

Sweet appeared at once relieved and satisfied. "And you, Mr.—er—Harrington, will you marry this lady?"

"I will," said the young fellow firmly. Then crossing to Barbara's side he addressed the stunned lawyer. "You see, I really am Stephen. At the time of my uncle's not unreasonable displeasure, Barbara and I were practically engaged. At least, she had consented to marry me if I settled down. My uncle, however, was not aware of this, as Barbara did not wish our affair to be known until I had given proof of actual reform. My self-respect would not permit me to submit to the terms of my uncle's ultimatum until I had shown that I could stand on my own two feet. In this Barbara abetted me. Followed my disappearance, and two years of self-support. I was considering a return to my uncle and the claiming of Barbara when his sudden death interfered with my plan. And I could not resist the temptation to enjoy this little dream which came my way—thanks to you."

Stephen held out his hand to Barbara. "Come, dear," he said gently. "I want a few words alone with the future Mrs. Harrington."

Now a QUICK Quaker Oats
Cooks to perfection in 3 to 5 minutes

Quick as Eggs
A dish that's almost ready

There's a Quick Quaker Oats at your store now.
Just like the Quaker you have always known—perfect in quality, exquisite in flavor.
But also the quickest cooking oats in the world.
No other brand cooks anywhere near so quickly.

The secret is this:

In Quick Quaker, the oats are cut before flaking. They are rolled very thin and are partly cooked. So the flakes are smaller and thinner—that is all. And those small, thin flakes cook quickly.

They are ready in 3 to 5 minutes—as soon as eggs.

In Quaker Oats—both styles—we flake the finest grains only. Just the rich, plump, flavory oats. A bushel of choice oats yields but ten pounds of these extra-flavory flakes.

But think what they mean. That flavor has won the world to Quaker. From all the world over, lovers of oats send for this premier brand.

Millions of mothers serve them every morning, so children will love oats.

Now you have Quick Quaker, if you wish—a five-minute dish. Get that or the regular, but insist on this Quaker flavor for the children's sake.

Regular Quaker Oats
Come in package at left—the style you have always known.

***Quick* Quaker Oats**
Come in package at right, with the "Quick" label.

Your grocer has both. Be sure to get the style you want.

NO INCREASED APPROPRIATION SOUGHT FOR ROAD WORK UNDER NEW TAX PLANS SAYS CANNON

MADISON, Wis.—By The Associated Press.—A curtailment rather than an increase in the program of state highway construction in Wisconsin is provided by the tax plans before the legislature, Frank A. Cannon, executive secretary of the good roads association of Wisconsin, said in a statement Wednesday, issued, he pointed out, to clear misunderstandings that have resulted from various expenditure reports.

"The sum of $8,000,000 to carry out the state and state aid program of road improvement, the same as in recent years, is all that is provided in any of the three highway appropriation bills pending in the legislature," Mr. Cannon declared. "No increased program is provided for. In fact there will be a curtailment.

Corrects Wrong Impression

"Additional funds beyond the $8,000,000 are provided to be returned to the local units for local purposes. I make this statement to kill the erroneous impression that has gone abroad that increased appropriations were being sought for state road purposes. One especially absurd story was based on the fact that last year $37,000,000 was spent for road purposes and that the state was going too fast. Last year the towns, the cities and all units of government spent that amount, largely in local ways, but the state had no more to do with the major part of the expenditures than it did with the building of the Panama canal.

"The state program provided for in the bills now in the legislature means that Wisconsin will meet the federal aid in the sum of $2,200,000. If the state does not meet this aid it will lose the money. It provides for a maintenance program of approximately $4,500,000 to keep up the patrol maintenance. Nobody wished to abandon this. It provides for $785,000 state aid in order that the state aid program may be continued.

Auto Pays More

"The other expenses are incidental, such as large bridges, the cost of administration of the secretary of state and the highway department. The difference between the proposed bills and the present method of financing is not in the volume of expenditure, but is in the fact that the motor vehicle is expected to pay a larger share of the cost of carrying on the road program and general property will be relieved to that extent."

The three important highway bills, recently reported by the joint highway committee, have been referred to the joint committee on finance which will consider their appropriation features before they are reported to the legislature for action.

The two committee bills, one providing for a graduated license fee based upon weight, ranging from $10 to $50, and the other providing for a gasoline tax of two cents a gallon, are recommended for passage. The weight tax would produce approximately $8,000,000 to be used for the construction and maintenance of a 10,000 mile state trunk highway system, while the gasoline tax, producing $3,000,000 annually would be distributed back to the counties on the basis of rural road mileage.

The Polakowski bill, introduced at request of the county boards association and the league of Wisconsin municipalities would raise approximately $16,000,000 through a graduated weight license fee ranging from $8 to $24, a gasoline tax of two cents a gallon and a two per cent valuation tax to be assessed in lieu of the personal property taxes on automobiles. Of the total tax collected $8,000,000 would go to the state trunk highway system and $3,600,000 be distributed back to counties and cities.

Members of the legislature in touch with the highway situation say that there is now a deadlock between those favoring the league of municipalities bill and the rural elements behind the committee bills. They look for a compromise measure to come out of the division.

By FRED L. HOLMES

Fourth Auto Tax Bill Up

MADISON, Wis.—A fourth automobile taxation bill made its appearance in the legislature on Tuesday and will come up for consideration together with two bills by the committee on highways and the Polakowski bill.

The new bill is by Assemblyman Robert Caldwell, Lodi, and is similar to the other automobile taxation measures in that it provides a two cents a gallon tax on gasoline and a weight tax on cars.

In addition to the weight and gasoline tax the bill provides that the $10 license fee be maintained.

In the weight tax provisions it is provided that cars of not more than 1,800 pounds be assessed a fee of $10; between 1,800 and 2,500 pounds there would be a fee of $20; cars over 2,500 pounds in weight would be assessed additional sums of $5 for every $500 pounds of weight over 2,500. For the registration of each trailer or semi-trailer designed to be hauled by a motor car, one half the fee for a motor truck of the same weight would be assessed.

The bill also provides that all cars used exclusively in the public service by the state, counties or municipalities shall be registered for a fee of $1. These fees would be paid but once during the life of the cars.

The proceeds of taxation under the Caldwell bill would go to the state and counties. The most any county could receive under the terms of this bill would be $400 per mile of road.

The Caldwell bill also provides for the appointment of a legislative committee to work with the highway commission in the planning of state roads. The term of office of these committee men would continue until the 1925 session of the legislature.

The highway commission would be given power to change any part of the highway system under the terms of the bill but it is specified that in case the section of the highway to be changed is longer than five miles that a public hearing must first be held in the locality where the change is contemplated.

GOPHER LEGISLATURE TO VOTE ON ROAD BOND

ST. PAUL, Minn.—The senate passed the bill which would allow Minneapolis and the state of Minnesota to make an exchange of property in order to get a suitable site for a new armory in Minneapolis. The measure already has passed the house.

Action was expected in the house Tuesday on the $20,000 road bond bill on a special order.

SEARCH FOR MISSING FARMER

WILLISTON, N. D.—Search is being made for Victor Bergquist, a farmer living 30 miles northwest of here, who disappeared from his home April 2. Two sisters living at Portland, Ore., and Sentinel Butte, N. D., have been notified.

OCONTO HERD FREE OF T. B.

OCONTO, Wis.—After five years of testing, the large herd of cows on the Jersey Crest farms, near Oconto Falls, which has won many ribbons at county fairs during these years, has been pronounced free from tuberculosis. This is the first herd in Oconto county to attain such a distinction.

Billingsgate, in London, was a fish market 1,000 years ago.

ASK THE MAN WHO OWNS ONE

ATLANTIC CITY BOARD WALK FOR SATURDAY

King Tut's tomb has been opened in Egypt. It is thought to be the superstition that had luck attends the entering of that awe-inspiring place. For the Choir Guild of Christ church has arranged for the people who visit its Atlantic City Board Walk next Saturday in the basement of the church, to inspect that tomb with safety and interest.

Root's Novelty orchestra will play for those who visit the Beach Inn and wish to dance, and loads of sand has been brought in to make one of the finest beaches in the country. The chute will be open from 9 o'clock in the morning until ten o'clock in the evening, and a wonderful dinner will be served at noon, and a ham supper at 6 p. m.

Patrons will be able to buy souvenirs and have their pictures taken. [illegible] for a most unique entertainment.

WOMEN UNITE TO CONSIDER CLUB ROOMS

Women's club rooms were discussed at the regular meeting of the Twentieth Century club, held on Tuesday afternoon, at the Y. W. C. A., and a committee appointed to take the matter up with the College club, and other clubs which are considering such a project.

Professor F. A. Cotton of the Normal school, addressed the club upon the value to La Crosse of the State Normal school and what the citizens owe that institution. He stressed the contributions to the culture and refinement of the community which the Normal makes in bringing entertainment from out of town, and what it gives through its own students and instructors in their activities. Mr. Cotton was followed by Professor Joseph A. Leeder who announced the opera "Martha" to be given by the Normal school in the near future.

After a short business meeting, the club enjoyed a social hour with the following hostesses: the Mesdames Leonard Kleeber, Frank Sisson, B. O. O'Connell and C. N. Harrington.

What is it that keeps the baby sweet
And sterilizes father's feet
And brings us happiness complete?
Blue Devil.—Adv.

Society

GIRL RESERVES OF HIGH ARE GUESTS OF THEIR COACH

MEMBERS of the High School Girl Reserve basketball squad were entertained at dinner at the Tea Rooms Tuesday afternoon, followed by a theater party at the Majestic, the guests of their coach, Miss Cora M. Bangsberg. Snapdragons in pink and yellow, together with pink tapers, graced the table, and favors were miniature baskets, filled with candy, and cracker caps of gay colors. Place cards were in the form of cracker conundrums. The guests were Miss Leona Reinhard, Girl Reserve director; Mrs. Amor H. Anderson, umpire in the Winona-La Crosse Girl Reserve game, and the following members of the basketball squad: Mae Goldsmith, captain; Muriel Schroeberger, Eleanor Weisbecker, Florence Hayek, Fern Tauschc, Ethel John, Betty Brietzke, Janet Atkinson and Marjorie Niebuhr.

* * * *

THE LADIES Aid society of St. John's Reformed church meets at the church parlors Thursday afternoon. Mrs. John Hauser and Mrs. Albert Hauser will entertain. A cordial welcome is extended to all.

* * * *

THE LADIES Sewing Circle, No. 1, of the West Avenue English Lutheran church will meet at the home of Mrs. G. K. Takas, 1606 Badger street, Friday afternoon.

* * * *

THE LA CROSSE College club was delightfully entertained at tea on Tuesday afternoon in the dean's room at the High school by the teachers who are on the faculties of the La Crosse High school and the Logan Junior High school. Mrs. G. M. Wiley and Mrs. H. G. Hayden poured, assisted by the teachers. The room was bright with sweet peas, and charming with its homelike furnishings. A short business session followed the social hour in which it was decided to continue in the consideration of possible club rooms, and to discuss ways and means with other clubs which are interested in such a project.

* * * *

MRS. ROBERT H. Clarke of Lake Mills is the guest during this week of Mrs. Phoebe Shuman while in attendance upon the Congregational convention.

* * * *

THE CATHOLIC Women's League will meet Thursday, April 19, at 8 p. m. at the Chamber of Commerce instead of K. C. hall. There will be a very interesting musical program, after which the annual election of officers will take place, followed by a social hour.

The musical program follows:

1. Roses of Picardy ..... Hayden Wood. Clarence Rowe.
2. (a) Sacramento ..... James MacDermid
   (b) Villanelle ..... Eva Dell'Acqua
   Mrs. Cyril Leinfelder
3. Solo Dance. Loraine Kenny.
4. (a) Where Blossoms Grow ..... Gertrude Sans Souci
   (b) My Ships Come Sailing Home ..... Francis Dorel
   Bernard Volk
5. Piano solo, selected. Prof. Charles Weiss
6. (a) Come into the Sun ..... Landon Ronald
   (b) Will O'The Wisp ..... Charles Gilbert Ross
   Mrs. J. F. Barl

SIMPLE REMEDY FOR COLDS

So much favorable comment having been made by those who read the treatment recommended in this paper recently, it is being reprinted today.

Get from your druggist an ordinary household jar of Muco-Solvent Salve which sells everywhere for twenty-five cents. Heat a little in a spoon or tin cup and inhale the vapors which arise. Do this several times in the minute or so before the salve cools. Then apply a little salve in each nostril, close month and breathe deeply.

The first operation opens the nasal passages. The second carries the salve into the upper respiratory tract where it at once begins to soothe and heal the inflamed membranes.

Colds usually disappear in a few minutes with this treatment.

SULPHUR IS BEST TO CLEAR UP UGLY, BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Rowles Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.

MISSIONARY WORK AMONG CHILDREN OF INDIA IS DESCRIBED

The annual conferences of the Wisconsin Woman's Board of Missions and the Wisconsin Woman's Home Missionary Union of the Congregational church of Wisconsin opened Tuesday night in the Congregational church, Seventh and Main streets. The conferences will close Wednesday evening.

Two Conferences Held

The Woman's Board of Missions held its session Tuesday night and all day Wednesday. The opening event was the fellowship supper Tuesday at the Y. W. C. A. Mrs. Arthur Beatty of Madison, third vice president, was toastmistress. Those responding to toasts were Mrs. H. E. Peabody of Appleton, president, and Mrs. E. J. Hughes, of Milwaukee, secretary for young people's work.

At the meeting in the Congregational church, Mrs. Peabody presided. The choir gave a program. The Rev. C. C. Rawlinson held devotional service and greetings from the state conference were brought by the Rev. Theodore F. Fayette.

The address of the evening was delivered by Louis Bissell of Bombay, India. Miss Bissell was born of missionary parents. All of her childhood life was spent in India, where her parents were stationed. She learned the Indian language when a child, played with Indian children and learned the games of the Indian children. When she grew up and entered the missionary field herself and was assigned to India, Miss Bissell was well equipped, regarding the language and customs of India.

Tells of Literary Work

Miss Bissell devoted her talk to a resume of the literary work done by her in writing stories for little boys and girls, later books for girls and women and assisting in the compilation of the Indian hymn book. She is now engaged in writing a book on animal life of India for boys and girls. In the first edition of the Indian hymnal some of the hymns were in English meter and the rest in Indian. With each revision, the book has reached its eleventh edition, the western meter has been eliminated and the hymns either rewritten in Indian meter or else eliminated. The English hymn, "Jesus, Lover of My Soul," Miss Bissell said has been written in a beautiful Indian classic by an Indian poet.

The speakers at Wednesday morning's session were Mrs. A. V. Millar of Madison, Dr. Jay T. Stocking, Mrs. Arthur Beatty, Mrs. G. C. Holmes of Madison, Mrs. A. C. Hough of Janesville. Reports were read by Mrs. E. C. Chapin of Beloit, Mrs. E. J. Hughes of Milwaukee, Mrs. Thomas De Swarte of Waupetosa, and Mrs. F. H. Reip of Beloit. Miss Susan Lathrop of Madison, led the devotional service.

The luncheon conference of officers of both boards, held at the Y. W. C. A., was presided over by Mrs. L. H. Goodhoff of Oshkosh.

To Elect Officers

Election of officers of the Woman's Board of Missions of the Interior took place at the afternoon meeting. Miss Mary Borden of Milton, offered devotional services for workers at home and abroad. The speakers were Miss Susan Jeffris of Janesville, Mrs. Lydia Davis of Oberlin, Ohio, Miss Mary Lamberton of Chicago. Missionary stories were told at the children's hour by Miss Miriam Woodberry of New York and Miss Mary Lamberton. The hour was in charge of Mrs. A. H. Schoenfeld and Mrs. Thomas De Swarte. The closing event of the afternoon meeting was the young people's friendship supper. The hostesses were the June Circle of young ladies, Mrs. L. W. Eldam, leader. The guests of honor were Miss Emily Bissell of Bombay, and Mr. Philip Frazier of Chicago. Mrs. I. M. Webber of Milwaukee, was toastmistress.

The Wisconsin Woman's Home Missionary Union will meet Wednesday evening. Mrs. O. L. Robinson of Milwaukee, president, will preside. Philip Frazier, a full blooded American Indian, will sing Indian songs. Miss Miriam Woodberry will speak.

CARD OF THANKS

We the undersigned wish to thank relatives, neighbors and friends for their kind assistance and sympathy during our sad bereavement, the death of our wife, daughter and sister, Mrs. Dorothy Rose. Especially do we thank Drs. J. M. Reginold and Arthur Steenbock for their care and attention.

Daniel Rose, Sr., Maynard, Alex, Dorothy, Jr., Mr. and Mrs. Fred Passe, Mr. and Mrs. Wm. Passe, Mr. and Mrs. Harry Passe, Mrs. Paul Passe, Richard, Gertrude and Martha Passe.

Wedding ring was adopted by the Anglo Saxons about the year 860.

OBITUARY

MISS JENNIE SENSKE

Miss Jennie Senske, age 18, daughter of Mr. and Mrs. John Senske, died at 2:30 Wednesday morning after a few months' illness.

She is survived by her parents, two sisters, Mrs. Ed Lehman, and her twin sister, Miss Anna Senske, and one brother, Bernard.

The funeral will be held Friday morning at nine o'clock from St. Joseph's Cathedral, Rev. Peter Pape officiating. Interment will be in the Catholic cemetery.

MRS. C. M. GRAY

Mrs. Caroline M. Gray, widow of Richard Gray, passed away at the home of her son, E. S. Gray, 1705 Kane street, Wednesday morning shortly before eight o'clock.

Mrs. Gray, nee Caroline Rogers, was born at Whitney's Point, Broom County, N. Y., on March 10, 1836. She was married to Richard Gray in 1854. One son was born to them while they still resided in New York state, and the next year the young couple moved to Vernon county, settling in the town of Franklin. Mr. Gray was killed in the civil war and buried in Arlington cemetery, Washington, D. C. Following his death the widow struggled for many years to raise the family of three boys. They lived on a farm near Liberty Pole. At an advanced age Mrs. Gray moved to La Crosse, where she spent her declining days.

Surviving are the three sons who were at her bedside at the time of her death. They are Hiram, Viroqua; William, of Delavan and E. S. of La Crosse.

The funeral will be held at the Sletten and Dahl funeral parlors, 211 South Sixth street, Friday, April 20th at two p. m. Rev. E. C. Dixon will officiate. Interment will be made in the Oak Grove cemetery.

During the seventeenth century English women wore their engagement rings on their thumbs.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c.

NORMAL BALL CLUB DRUBBED FOR SECOND TIME IN TWO DAYS

Coach Nohr's ball club got another trouncing Tuesday night by the second team. Red Reynolds, receiving fine support from the seconds' infield, pitched and won a three to one practice tilt from Captain Johnson's team.

Boots and boners contributed to the downfall of the first team, both on bases and when out in the field. Shier, pitching for the first time, received miserable support from every man back of him, while the second team men seemed to be playing over their heads.

With Wolke on first, Whipley on second, Sanford on short and Huseth at third, the scrubs stopped everything that came their way and handled it to perfection. When they came to bat they connected with Shier for a fare-thee-well and showed lots of headwork in running the bases.

The score stood 1 to 0 in favor of the first team at the end of the second inning and the scrubs came to bat. Quinn took a walk and Tom Zegbocki drove one to deep center, bringing in Quinn for a tie. The last half of the third the first team failed to see the first sack. Clynch reached first on catching the first ball pitched by Shier in the hip. He reached third. With two out, Whipley got to first. On the next ball pitched he started for second and Nick Stoneman threw to Johnson and Whipley stopped about ten feet from the second sack and Johnson threw the pill back to Stoney to catch the man at home but it was too late.

Although the team has been beaten twice for two nights in a row, Coach Nohr is not displeased with their work as they will improve with time.

The highest peak in the world is Mt. Everest in the Himalayas. It is 29,140 feet above sea level.

BLIND PHYSICIAN TELLS STRUGGLES TO KIWANIS CLUB

KIWANIANS listened to a message of good cheer on Tuesday at the regular club luncheon from a man who claimed hard luck and failure as his boyhood friends, who educated himself under tremendous handicaps, and now, though blind, is a successful medical specialist. The speaker was Dr. J. W. Bolentim of Chicago, head of the Ponting tuberculosis sanatorium.

Tells of Struggle

Dr. Bolentim's message of cheer was composed chiefly of the stirring recital of his own struggle upwards under handicaps. Born in an immigrant family and blind from birth, he had to a double disadvantage of being poor and sightless. How he fought his way to a scientific education after having been taught the usual accomplishments of the blind at the Jacksonville state school made an epic recital.

Dr. Bolentim said that he had make his way through medical school by selling typewriters. To enable him to study the texts, he translated all of the necessary books to the blind alphabet, writing them himself on his own Braille typewriter. His career was further blocked at the outset by having been lured into a fake medical school which took his money and then blew up. Recounting his many disappointments, Dr. Bolentim smiled and said "And there was my old friend Failure again"—and then went on to describe how he had picked up the pieces and gone ahead.

His philosophy, Dr. Bolentim said, was never to be discouraged, "and if you can't do what you like, like what you can do."

Dr. Bolentim is a member of the American Medical Assbeiation, the Chicago and the Illinois Medigal associations, the Chicago Anti-Tuberculosis association, of West Side Kiwanis Club of Chicago and lieutenant governor of the Eastern Illinois district of Kiwanis. He has spoken since last June to every Kiwanis club in Illinois and all but two of the clubs in Wisconsin.

While in La Crosse he spoke at Oak Forest Sanatorium and before the Knight's of Pythias, as well as at Kiwanis.

SUPERIOR SENATOR HOLDS KEY VOTE ON WET AND DRY FIGHT

Kemp Holding off Pending Introduction of Amendments to Sachtjen Bill

HECK ALSO UNCERTAIN AS TO WHICH WAY HE WILL VOTE

Both Voted Dry Previously After Wets Claimed their Support

MADISON, Wis.—Senator M. A. Kemp, who holds the key vote in the senate wet and dry fight, says that he has been told that amendments will probably be offered to the Sachtjen bill repealing the search and seizure section of the Severson prohibition enforcement law, before the measure comes to a vote in the upper house. The measure has been published as ordered by Governor Blaine as a special message to the legislature.

Senator Kemp opposed the bill on the ground that it was unnecessary for the present to get some wording through the senate. Although he voted in favor of a change in the present search and seizure section. The senate committee on judiciary, which approved the Governor Blaine measure, also approved the Kemp amendments.

Just what amendments would be proposed Senator Kemp said that he was unable to say.

Senator Max Heck, who holds an option on the key vote in the senate on the question of the constitutional right of the state legislature to enact a law prohibiting search and seizure without warrant, said that he would vote on the question but declared that he was not committed to any amendments. He declared that he was not in favor of the Kemp amendments. He said that he would favor the passage of the section of the bill before the committee of the whole.

Senators Heck and Kemp both voted against the Severson enforcement measure for the reason that it contained a search and seizure section and both voted for the Sachtjen bill which omits that section.

GOVERNOR BLAINE NOT TO APPEAR BEFORE COMMITTEE TO PUSH HIS TAX MEASURE

MADISON, Wis.—By the Associated Press.—Governor Blaine's general income tax bill will occupy the center of the legislative stage on Thursday when it comes up for hearing before a joint meeting of the joint committee on finance and the assembly committee on taxation. After that hearing, at which the public will be permitted to express its opinion of the governor's bill, the finance committee will report the measure to the floor for action.

Governor Blaine has decided that he will leave the advocacy of his tax bill to others, and not personally urge its features to the committee on Thursday. Frank Strader, income tax expert of the tax commission, says that other men will present other features of the program included in the general 47 page bill.

Opposition to the bill has not made known its plans. It is reported here, however, that much the same representation that was made against the Dahl and Severson bills will be made in opposition to that of the governor.

Both Senator Severson and Speaker Dahl of the assembly, report that their two tax measures will be held in committee until the governor's is disposed of. They say that they do not wish their bills discussed with that of the governor.

After the hearing the joint finance committee will be required to make a report of the bill to the upper house in which it was introduced at Governor Blaine's request. Members of the committee say that it will come before the senators without recommendation.

There is already talk of drastic amendment to the measure. Senator Herman Bilgrien, who has been waiting all session with a substitute amendment, says that it will be introduced when the governor's bill comes upon the calendar. Other senators say that they plan to divide the measure into several parts for consideration, on the ground that it now covers a number of legislative subjects which under the rules should be disposed of separately.

The governor's tax bill repeals the entire income tax law enacted in 1911 and upheld in its provisions after a number of court fights. In its place it would enact a new income tax law to raise $12,600,000 annually from earnings in the state. Included in the measure is a tax on individual earnings up to ten per cent, a corporation tax of as high as seven per cent and a tax on corporation dividends. The proposal repeals approximately five-sixths of the personal property offset to the income tax, and redistributes the proceeds on a new basis.

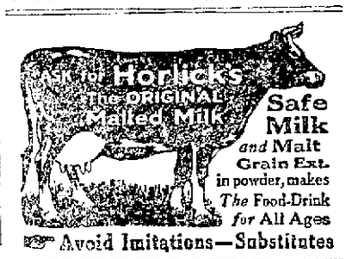

HEN LAYS FIVE OUNCE EGG

LADYSMITH, Wis.—One of the largest eggs on record here was laid by a black Minorca hen owned by O. J. Hagemoen, a Rusk county farmer. The egg weighed five ounces and measured seven inches around the middle and eight inches the long way.

INGROWN TOE NAIL TURNS OUT ITSELF

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

This roof installed ARCOLA this Spring

This owner waited until Fall

How soon will there be an ARCOLA famine?

DO YOU KNOW that the great demand for heating equipment prevented 5,000 home-owners from getting ARCOLA in the Fall of 1921?

Yet this year three times as many homes are being built.

We can make no more ARCOLAS now than in 1921 because the factories are already filled with orders for larger Ideal Boilers.

Everything points to an unprecedented ARCOLA famine this Fall.

Please help us to avoid disappointing you. Ask your Heating Contractor to give you an estimate today. Ask him to explain just how ARCOLA fills every room with healthful *radiator* warmth and pays for itself in the fuel it saves.

NORDMAN ANSWERS ATTACK ON CHEESE GRADING SYSTEM

Law Has Improved Quality of Wisconsin Cheese Thirty Percent Says Statement

MADISON, Wis.—Answering a published attack on the cheese grading system in Wisconsin, the state department of markets has issued a statement detailing the effects of the quality of the grading law, which it says has improved the quality of Wisconsin cheese 30 per cent, and has benefitted the producer as well as the consumer.

"The grading law has been in operation since February, 1922, and is not only working smoothly but has accomplished more than was generally expected during the first year of its operation," the department said. "This is substantiated by numerous letters, statements from dealers and official agencies from all over the country.

"The Wisconsin cheese grading system has been worked out jointly by the college of agriculture, the United States department of agriculture and the department of markets. Its object is to improve the quality of cheese by rewarding good quality and thus stimulating production of such quality. That this object has been attained is evidenced by signed statements of numerous dealers to the effect that, since the establishment of the grading system, the quality of Wisconsin cheese has improved 30 per cent.

"This shows clearly that the Wisconsin cheese grading law has accomplished the main object of standardization; it has materially contributed towards improving quality. So far as any advertising plans and organizations are concerned, the department of markets is of the opinion that the basis of efficient advertising is proper standardization of products.

"With the improvement in quality of Wisconsin cheese as the result of the operation of the grading system, as a starting point, it should be fairly easy for private and co-operative agencies to develop their own brands upon which a merchandising program can be built.

"A very important question has been raised by the statements published in the press questioning the wisdom of having only a minimum standard set for cheese. The state, it must be understood, is not and cannot be a marketing agency. It, therefore, sets minimum requirements, which in its opinion constitute a sufficient guarantee that the consumer will pay according to quality and the producer be rewarded on the same basis."

REPEAL OF BADGER EUGENIC LAW VOTED BY SENATE TUESDAY

MADISON, Wis.—The Wisconsin senate Tuesday night joined with the assembly in favoring repeal of the eugenics law, which has been in operation in this state since 1913. The measure must be finally passed in the upper house before going to the governor.

Eighteen senators, one more than a majority, voted for doing away with the statute requiring pre-nuptial physical examinations, while only seven voted in support of the law. The lower house passed the Spour repeal bill without a roll-call.

GREEN BAY RAISES BIG FUND FOR NEW Y. M. C. A. BUILDING

Week's Strenuous Campaign Brings in Contributions Far Over Original uota

GREEN BAY, Wis.—One of the finest Y. M. C. A. buildings in the state and in the northwest will be constructed in Green Bay within a short time as a result of a week's strenuous canvassing which pushed the "Bay" over the top to a tune of $426,280—over $75,000 more than the original quota and $6,000 more than the $420,000 mark set for a few days ago. The campaign ended Monday night with an enthusiastic gathering which was inflamed to a higher pitch when additional belated contributions started to pour in. All canvassers were clother in flamboyant regalia and immediately after victory was announced the throng of "Boosters" conducted a snake dance through the main thoroughfares of Green Bay.

Speeches were made by Judson Rosebush, Appleton, who in addition to his original contribution of $25,000 added $2,500 at last night's meeting. He was followed by F. J. Harwood, president of the Appleton Y. M. C. A., who outlined the success of the college city institution.

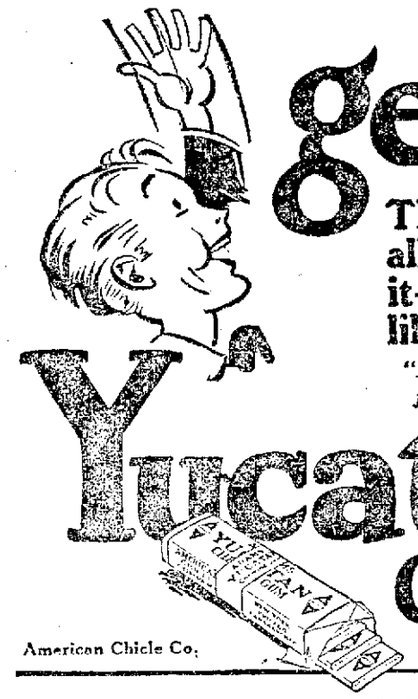

The chief contributor to the building here was Mitchell Joannes, pioneer grocery wholesaler who retired recently. The Green Bay pioneer gave $50,000 on the first day of the campaign and topped it with an additional $25,000. A fortnight ago he gave $50,000 to construct a new Episcopal parish hall here.

SPRING CLEAN-UP IS URGED BY WISCONSIN BOARD OF HEALTH

MADISON, Wis.—Soap and water, sunshine and fresh air, and a general cleaning up of home premises are important factors in building up the physical condition of individuals after the long winter, the state board of health advised in urging annual clean-up activities.

The board urges householders to set in order the homes and premises, while it asks municipalities to remove rubbish and ashes at public expense. A general spring clean-up will do much to prevent sickness and to provide for the building up of the health of persons in the state.

HIGH SCHOOL ATHLETIC ASSOCIATION BANQUET GREAT SUCCESS

INTERESTING DISCUSSIONS BY WISCONSIN-MINNESOTA ATHLETIC COACHES HEARD

"Good Fighting Spirit Comes from Character, Not Rough-Necks," is Thought Launched by Bill Spaulding

The [illegible] banquet of the high school athletic association became a great [illegible] night when over two hundred reservations were filled [illegible] and basketball players of past and present, friends and supporters of high school athletics, and high school students and teachers, [illegible] an interesting program. Coach Bill Spaulding and Doctor [illegible] of the Universities of Minnesota and Wisconsin, respectively, were the main speakers on the program. Their discussions were immensely [illegible]. An elaborate dinner was served by the domestic science department of the high school. The decorations of the Chamber of Commerce hall were [illegible] in black, corresponding to the colors of the school.

Spaulding Speech Interesting

The speech delivered by Coach Spaulding was especially interesting [illegible] pieces of humor. The big point brought out by the coach was [illegible] "good fighting spirit comes from character, not from [illegible]. That is the kind of [illegible] that I wanted in the [illegible]

[illegible], football coach of the University, was not able [illegible] and [illegible] his [illegible] for a season [illegible] basketball [illegible] Badger university, was [illegible] table. He [illegible] interesting speak[illegible] to La Crosse [illegible] Dowell was right in [illegible]

Northern First Speaker

[illegible] was the first speaker [illegible] the program. His topic was [illegible] Athletics." In his talk Mr. [illegible] the athletic [illegible] of La Crosse High when [illegible]. And after [illegible] he took active [illegible] the athletic curriculum of the [illegible] saying that the high school [illegible] almost equal to their [illegible] dealing with the other stu[illegible]. He proved this by comparing [illegible] football players of [illegible] who averaged over 5[illegible] with those who averaged [illegible] Mr. Wilson then briefly out[illegible] system to be employed [illegible] the High school in connection [illegible] general development of the [illegible] of the school. He urged the [illegible] to get behind the Red and [illegible] athletics, for their support during the last year. [illegible] from Mr. Mackemack, [illegible] of schools, brought out [illegible] by the La [illegible]

Keegan Talks

[illegible] of the program was [illegible] Coach Keegan. Dr. Meiklejohn [illegible] Keegan's remarks were [illegible] coaching and "do[illegible]. Mr. Keegan, head of [illegible] coach, was [illegible] by La Crosse coach. He gave [illegible] coaching [illegible] a good team [illegible] Keegan said [illegible] that he plays with [illegible] although La [illegible] did not quite reach the highest [illegible] championship race [illegible] the leader and with [illegible] and every [illegible] Coach Keegan's team [illegible] of Minnesota coach. [illegible] showed in [illegible] hoped that [illegible] work under [illegible] the players [illegible].

After the program was concluded, [illegible] that team over [illegible] next year. Fields [illegible] basketball [illegible] Coach Meiklejohn will lead [illegible] football team in [illegible] to keep the state [illegible]

HEINE GROH GETS HOMER IN OPENING GAME ON TUESDAY

McQuillan Hurls Splendid Game Despite Ragged Support; Giants Cop, 4 to 1

PIRATES DEFEAT CHICAGO IN FIRST BATTLE, 3 TO 2

Phillies and Dodgers in 14 Inning Tie, 5 to 5

BOSTON, Mass.—McQuillan pitched the world champion Giants to a 4 to 1 victory over the Braves in the opening game on Tuesday. He was hit safely only four times and did not let the ragged support bother him. Groh's triple and home run, both off McNamara, accounted for three New York runs. Despite cold there were 16,000 present to encourage President Christy Mathewson of the Boston club in his new venture.

The army, marines and navy had picked men in the drill before the game. Commissioner Landis, Governor Cox and Mayor Curley acted as catcher, pitcher and batter, respectively, in the ceremony of throwing the first ball. O'Connell, Pagwell and Conlon played in their first big league game.

The score:

New York .....110 000 200—4
Boston .....001 000 000—1

McQuillan and Snyder; McNamara, Marquardt and O'Neill.

Pirates, 3; Cubs, 2

CHICAGO. Between 32,000 and 35,000 persons, the largest crowd on record to witness an opening game in Chicago, packed the reconstructed Chicago Nationals' ball park on Tuesday and saw Pittsburgh win. The first game of the season from Chicago, 3 to 2. The park, enlarged to twice its seating capacity during the winter, was opened shortly afternoon, and by game time all seats had been sold and the fans were standing three and four deep back of the top row of seats.

The usual opening day ceremonies, presentation of flowers and gifts to the players, music and a flag raising by a squad of United States marines took place. Mayor Dever of Chicago pitched the first ball, and John Heydler, president of the league, was the guest of honor.

The visitors won the game in the fourth inning, when Grimm recorded a double to right with the bases filled and two men out. Three runs were scored and when Grimm attempted to stretch his hit to a triple he was retired at third. Aside from this one inning the Pirates had no other opportunity to score, so well did Osborne pitch.

Pittsburgh .....003 000 000—3
Chicago .....010 000 100—2

Batteries: Morrison and Schmidt; Osborne, Kaufman and O'Farrell.

Phillies, 5; Dodgers, 5

BROOKLYN. Brooklyn and Philadelphia battled fourteen innings to a 5 to 5 tie to open the season here on Tuesday. Neither, who beat the Philadelphians seven straight last season won the entire fourteen innings. The visitors used four pitchers. Hubbell had a three run lead up to the sixth when the Dodgers knocked three pitchers full in the bases with one out. Mitchell, last season with Brooklyn, relieved Hubbell. A sacrifice fly, two passes and a scratch hit by Bruther tied the score and sent Mitchell to the showers.

Winters and Betts blanked the Dodgers during the remainder of the game, although the latter had ten men on bases during that stage, and fifteen altogether. Score:

Philadelphia .....100 020 000 000 02—5
Brooklyn .....100 013 000 000 00—5

Batteries: Hubbell, Mitchell, Winters, Betts and Henline; Ruether and De Berg.

Reds, 3; Cards, 2

CINCINNATI. The Reds opened the National league season here on Tuesday by winning a well played eleven inning game from the St. Louis Cardinals, 3 to 2. Doyle's one hit game kept them scattered except in the seventh and eighth rounds. Horsely, leading hitter of the National league, did not get one safe hit in five times up, but Bottomley made four singles. The full attendance of 30,218 broke the opening day record for Redland Field. Score.

St. Louis .....000 000 110 00—2
Cincinnati .....010 001 000 01—3

Batteries: Pfeffer, Sell and Snyder; Osborne, Donohue and Wingo.

NEW OPENING DAY ATTENDANCE MARK SET AT TWO PARKS

Cincinnati and Chicago Parks Have Biggest Opening Day Attendance Tuesday

LOOK FOR ADDITIONAL HIGH MARKS IN AMERICAN LEAGUE

Close to 34,000 Pack Cubs' Park Tuesday

CHICAGO, Ill.—By The Associated Press—With new opening day attendance records established Tuesday in two national league cities, Cincinnati and Chicago, additional high marks were looked for Wednesday when the American league season gets under way.

Topping the junior circuit's program is the dedication of the new Yankee stadium, seating 70,000, where the league champions will inaugurate the season with the Boston Red Sox. The other games on the schedule are:

Washington at Philadelphia, Chicago at Cleveland, and Detroit at St. Louis.

The three clubs picked as principal contenders in the National league—the world's champion New York Giants, Pittsburgh and Cincinnati—got off to impressive starts, but it remained for Brooklyn and Philadelphia to supply the day's feature, a five to five tie game, fought until darkness forced a conclusion in the fourteenth inning.

A throng of close to 34,000 that packed Chicago's reconstructed park, witnessed Pittsburgh's bare fought victory over the Cubs, 3 to 2, while more than 30,000 fans cheered the Cincinnati Reds to an eleven inning triumph over St. Louis by the same score. The Pirates made but three singles off Chicago's mound men, but Grimmith's double in the fourth with the bases full accounted for enough to win.

Mequillan's steady twirling and Heinie Groh's heavy stick-work enabled the Giants to down Christy Mathewson's Boston Braves four to one.

To Heinie Groh of the Giants goes the distinction of making the first home run of the season.

"Dutch" Reuther was the hero and the goat many of the fourteen innings the game with Philadelphia going the entire route and allowing his opponents but nine hits. The latter used four pitchers. Reuther beat the Philadelphians seven straight last season.

Jake Daubert, veteran of 1913 campaigns was injured at first base in the Red Hosiery, being unable to get in condition because of illness. Fonseca played the position.

Rogers Hornsby, premier batsman of his league went up to his five times but failed to solve whatever it was that Donohue had on the ball.

BROWNS OPEN MINUS SERVICES OF SISLER WITH COBBS'S CLUB

ST. LOUIS, Mo. — Minus the services of George Sisler, the team's great player, St. Louis opens the American league season against Detroit Wednesday afternoon with the usual inaugurating ceremonies. Ideal weather was forecast for the game.

Neither Manager Lee Fohl of the Browns nor Ty Cobb of the Tigers would venture a prediction as to the pennant chances of their teams. The Tiger pilot said "The team is not in as fine condition as I desire it, owing to adverse weather on the training trip, but it will be a candidate for first division."

Fohl pointed to the absence of Sisler as the reason for not making any prediction.

Collins for Detroit and Shocker for St. Louis are the probable pitchers.

Average man can read about 50,000 words in an hour.

The world's fastest shave

Antiquates old shaving methods
Speed and comfort *always*—that's what men with tough beards expect and get from a Valet AutoStrop Razor. Its popularity has grown by leaps and bounds. Think of a faster shave than ever—78 seconds from lather to towel—a smoother shave. Say to your dealer "Give me a Valet AutoStrop Razor." Complete with strop and razor, $1. Other sets up to $25.

JACK DEMPSEY AND TOMMY GIBBONS GET TOGETHER ON TITLE BATTLE FOR JULY 4

SALT LAKE CITY, Utah.—Arrangements for a world's championship fight between Jack Dempsey, the champion, and Tommy Gibbons of St. Paul, have been completed and the fight will be held at Shelby, Montana, July 4, it was definitely announced here Tuesday night by Eddie Kane, manager of Gibbons.

Representatives of the two fighters have agreed to all terms for the fight and only the signatures of the principals remain to be affixed to the articles to complete the negotiations which have been under way for several months, according to Kane. The signing procedure was regarded as only a formality by Kane.

Jack Kearns, manager of Dempsey, will meet Kane and representatives of the Shelby post of the American Legion, which is fostering the bout, at Great Falls, Montana, within "four or five days" to sign the articles for the fight, Kane stated.

INDICATIONS POINT TO ILLINOIS TRIUMPH AGAIN IN CONFERENCE BASEBALL

CHICAGO, Ill.—By The Associated Press.—With the opening of the Western conference baseball season, indications point to Illinois to triumph again in the championship race, with Michigan a dangerous contender, and Ohio State looming up as the dark horse of the campaign.

Coach Carl Lundgren at Illinois has a pitching staff that rates much stronger than the one of a year ago, and the Illini sluggers are expected to cause trouble for the opposing pitchers. Vogel who has led the conference in batting for the last two years, is expected to try out for a major league berth when he finishes school in June.

Michigan's weakness this season appears to be in the pitching staff, but the mainstays may round into form before the campaign gets hot. Ohio State, shaping as a dark horse, will be strong in the outfield, and pitching. Hoge Workman of football fame is showing wonderful promise for mound duty.

Minnesota is entertaining only faint hopes for a successful season, while the prospects at Chicago and Northwestern are none too bright. Wisconsin expects to make a favorable showing along with Iowa, Purdue and Indiana.

Representatives of twenty-six Great Lakes boat clubs, who will gather at Sandusky, Ohio, April 21 for the annual spring meeting of the Interlake Yachting association, will complete plans for the annual summer regatta at Put-in-Bay, one of the yachting classics of the inland waters of the world. This gathering of the pick of the wind-jammers and powerboats of Lake Erie, Lake Huron, Lake St. Clair and their tributary bays and rivers will be held during the week of July 15 to 22.

Ohio State's comparatively green track team will open its outdoor season at Columbus next Saturday, with a dual meet with Ohio Wesleyan.

Kenesaw M. Landis, baseball commissioner, will participate in the opening of the Central league at Kalamazoo, Mich., May 5. He also plans to address the American Legion post there at night.

Track squads of the Western and Missouri Valley conferences will get their first test of the outdoor season in the University of Kansas relays at Lawrence, Kansas, next Saturday.

A press stand with a seating capacity of 500 persons—believed to be the largest in the major league—is one of the improvements made during the winter at Navin field, home of the Detroit Americans. The stand, which is atop the second tier of the grandstand, runs from the first base to third base ends and has two rows of seats.

MITCHELL SIXES AND ROBINS WIN THREE GAMES EACH

The Robins and Mitchell Sixes each won three games in the Women's city league Tuesday afternoon, the Palettes and Oh Henry's sustaining the setbacks.

Mrs. Smith rolled into the lead for the Montague Candy company prize with 215 pins.

The scores:

OH HENRY'S

TRACK SQUAD AT NORMAL PREPARING FOR FIRST MEET

To Meet Stout Institute in First Dual Meet of Season on May 5

INJURY STILL KEEPS ARMSTRONG FROM GETTING OUT IN A SUIT

Clark Showing Great Ability as Sprinter

The Normal school track squad is going through strenuous workouts in preparation for the first dual meet of the year with Stout Institute May 5. Coach Keeler has found a likely bunch of track men in the freshmen class who are showing promise of good development this year. Hawkins, football and basketball man, has been working out daily getting in trim for the 440 yard run. Hawkins has a pretty stride and looks like a point getter. He has also been practicing the pole vault and has been showing good form for so early in the season. Jorgeson is another man from the freshmen class who is showing promise this year. Jorgey is a high jumper and is able to skim the bar at 5:10 or better.

Kenneth Clark, who comes from the Minnesota Agricultural school, has a reputation behind him. Coach Keeler is considerably lacking in dash men, but Clark is showing exceptionally good speed as a sprinter and has lots of ability as a broad jumper having a mark of 22 feet to his credit. Captain Armstrong is still unable to get out because of his injured leg. It may be several weeks before he will be able to get in a suit. His injured member is his take off leg in the high jump and the leg that he leads with in making the high hurdles, and it may be that he will have to change his form, thus handicapping him so that he will not do as well this year as last. Armstrong is one of the best track men that La Crosse has boasted of in a long time. He scored 14 points alone at Madison last season, and has beaten men like Wallace of Illinois, and Rouilin of Wisconsin, when he was in the university two years ago. If "Army" is not able, to do any track work this year chances for a championship will be dimmed.

Other men who are working out daily are Hanson, Davidson, Poscover and Torrinzono. These men were all members of last year's squad and everyone a scorer.

NEW YORK.—Tex Rickard cabled his "final offer" to Georges Carpentier to meet Mike McTigue in America in June.

AKRON, O.—An order prohibiting betting at the 16-day running race meet scheduled to start today, was issued by City Manager H. P. Tucker.

MOVIES

"DADDY"

In the notable cast supporting Jackie Coogan in "Daddy," which is now playing at the Majestic theater, is a figure of Gravini. He plays the role of an aged and broken musician, once a great virtuoso, and now forced to earn a precarious living by playing his beloved "Strad" on street corners.

This impersonation proclaims Gravini a genius of the first magnitude. In Italy, as a young man, Gravini was prominent in grand opera, assuming, in the main, "buffo" parts. Later he achieved fame as a character actor and singer in "opera buffo." Then he organized his own company, playing the classics of the world's best dramas, and visiting all of Europe's cultured capitals.

"THE DRUG TRAFFIC"

Every surgeon, every police officer, every reformer—everybody in this city—should go to the Casino theater next week to see Harvey Gates' "The Drug Traffic." While dealing with the evils of the drug traffic, it unfolds a beautiful romance in which a reformed drug fiend proves the means of uplifting a once powerfully strong surgeon who had fallen prey to the menace.

Telling a story in entertainingly convincing fashion, "The Drug Traffic" is bound to pull at the heartstrings of the most fastidious theatergoer, for it is true to life and is cleverly and realistically enacted by an all-star cast that does credit to the meritorious work of Harvey Gates.

"ROBIN HOOD"

When Douglas Fairbanks began his great new production, "Robin Hood," which is coming to the Majestic theater April 26 for an indefinite run, the first scene shot was an interior, and Paul Hicker, playing Sir Guy of Gisbourne, the villain, killed a man nine times. It all happened in Richard Coeur de Lion's tent, on the road to the Holyland with the Third Crusade.

This tent was an "all-drape set," combining the principles brought out by Gordon Craig in England, Max Reinhart in Berlin and Robert Jones in this country, representing the world's greatest triumvirate of stage decorators. In spite of the fact that this set was forty feet deep, forty feet wide and twenty-four feet high, it was put up in two hours.

"At first we thought we would crash right into one of the big scenes showing a thousand knights in armor lined up for a tournament. But this undertaking was so big that it staggered us. So instead we decided to photograph the scene in Richard's tent, which we figured would give us courage enough to try one of the big out-door shots showing the resplendent knights with their plumed helmets and flashing spears."

"GRUMPY"

Do you know any person who seems to be an irritable old grouch, but who really has a heart of gold? Then you know the human personification of "Grumpy," the famous stage character that has been brought to the screen by Theodore Roberts in "Grumpy," which will be shown at the Rivoli theater today. May McAvoy and Conrad Nagel are also featured with Mr. Roberts in this photoplay.

Critics who have seen the picture declare it is the veteran's greatest motion picture characterization; superior even to Mr. Roberts' "Uncle Josh" in "The Old Homestead," lauded everywhere as the most lovable personage ever portrayed for the silversheet.

In "Grumpy," Mr. Roberts is the central figure in the hunt for the robber of a valuable diamond. How he follows a clue supplied by a gardenia with a woman's hair wrapped around the stem, and finally brings the culprit to justice and brings two loving hearts together, makes one of the most fascinating picture stories ever told on the screen.

GREAT FIGHTS IN "ALL THE BROTHERS WERE VALIANT"

Life was anything but a continual round of pleasure for the crew of the whaling schooner "Carolyn Frances," regardless of whether its members had really signed ship's articles or belonged to the cast of players enacting the Metro version of Ben Ames Williams' powerful sea story, "All the Brothers Were Valiant." This is now presented at the Casino theater.

Fights and whaling were the principal activities of crew and cast during the month the "Carolyn Frances" sailed Pacific waters. Being confined to the ship every day for a month became irksome to the cast. Chasing whales in long boats served to help break the monotony but even this sport lost its fascination.

CASINO THURSDAY

Harry Carey, most famous of western screen stars, will fight and laugh his way across the screen in a new and sizzling screen thriller at the Casino theater on Thursday, which marks the first showing here of "Crashin' Through," which is hailed as the biggest and best picture of Carey's notable career. Bristling with hair-raising thrills, rattling action, rugged drama and that irresistible touch of whimsical Carey humor, "Crashin' Through" is said to be an afternoon or evening's entertainment par excellence.

MARKET EXCHANGES TO OPERATE UNDER DAYLIGHT SAVING

NEW YORK.—The principal financial and commodity markets of the country will operate on "daylight saving" time beginning Monday, April 30. The clocks where such time is observed will be advanced the day before.

In New York city the markets affected are the New York Stock, Consolidated, Curb, Cotton, Coffee, Sugar and Produce Exchanges. All of these open at 10 a. m. and close at 3 p. m. except coffee and sugar, which open at 10:30 and 10:45 respectively but close with the rest.

The other large markets which will operate on the new schedule are the Chicago Board of Trade and the New Orleans Cotton market. Their business hours always coincide with those of New York.

PHONE GRANT UP AT ELECTION

VOLNI, S. D.—At the annual city election citizens of Volni will vote on the proposition of granting a franchise to the Tri-County Farmers Telephone company to conduct an exchange in Volni for a period of 20 years.

FARM VALUES INCREASED

PIERRE, S. D.—According to the March report of the federal department of agriculture, the aggregate unit of value of 19 staples produced on South Dakota farms had increased from $245.34 on November 15, 1921, to $279.15 on November 15, 1922. The selling price of these 19 staples had increased about 14 per cent in one year.

PRICES WILL BE HIGHER. BUY A USED CAR NOW.

Roger Babson, the eminent economist and authority on industrial conditions, says, "The demand (for automobiles) should increase and be heavier than during the spring of 1922. The 1923 schedules of production are heavy, and the output will continue to increase. Prices will become firmer."

This means that you can buy a used car cheaper now than if you wait until May or June. Buy it now, have it tuned up and repainted, and you will be ready for the first fair Sunday's driving.

SEE YOUR DEALER TODAY.

LEGAL NOTICES

Notice to Creditors

State of Wisconsin, in Probate—La Crosse County Court.

In the matter of the estate of Luisa [illegible], late of the City of La Crosse, in said County, deceased. Letters of administration in said matter having been granted to A. V. [illegible] of La Crosse, Wis., notice is hereby given that four months after the 3rd day of April, A. D. 1923, are allowed to creditors to present their claims against said deceased for examination and allowance, and that said Court will on the [illegible] day of August, A. D. 1923, at 10 o'clock A. M. of said day at the Court Room of said Court in the City of La Crosse, in said County, examine and adjust all claims and demands of all persons against said deceased.

Dated this 3rd day of April, 1923.

By the Court.
JOHN BRINDLEY, County Judge.

DISTRICT COURT OF THE UNITED STATES for the Western District of Wisconsin.

In the matter of Paulina Pergande, Bankrupt.

The above named bankrupt having filed her petition to be discharged, the court made the following order thereon, to-wit:

On the 13th day of April, A. D. 1923, on reading the foregoing petition, it is Ordered by the Court that a hearing be had upon the same on the 24th day of May, A. D. 1923, before said court at La Crosse, in said District, at 10 o'clock in the forenoon; and that notice thereof be published in La Crosse Tribune and Leader-Press, a newspaper printed in said District, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of said petitioner should not be granted.

And it is further ordered by the Court, that the Clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated.

Witness, the Honorable Claude Z. Luse, Judge of said Court, and the seal thereof, at La Crosse, in said district, on the 13th day of April, A. D. 1923.

(SEAL OF THE COURT)
WM. H. COMERFORD, Clerk.
By ALFRED HARRISON, Deputy.

Real Estate Conditions

This spring there is a large demand for houses and lots. Many who do not own their own homes are intending to buy and are not looking for the kind of home they desire and at the price they can afford to pay. location also has a great deal to do with their choice of a home but you must realize that to duplicate the homes that are for sale would take double the price that this property is being offered for. Lots cost money and even after the house has been built there is the garage, the other outbuildings, screens, and many other things that a house should be equipped with that cost good money. I am offering some very attractive buys and I am sure that any one of the homes offered would sell on the merits of the property offered.

Seven-room dwelling, 1413 Avon street. All modern but heat. A snap at $3,150.

Seven-room dwelling, 2027 Liberty street, new roof and in good condition, $2,200; six hundred dollars down and the balance $100 a year and interest.

Large house and fine outbuildings at 129 South Fifth street, all modern, $8,000.

Six room house and garage, lights, heat, basement, 1926 Wood street, $3,000; part cash, balance time.

Good house and over an acre of ground just across Black River bridge on French Island, good outbuildings, $2,800.

Six-room house, 1503 Prospect St. Good condition. Snap, $1,900.

Fine house, 1415 Avon street, all modern but heat, $4,200.

Good house, 2142 Kane St. Make an offer for this fine home.

Brick house, 416 Rose street. Has toilet and water, $2,100.

Remember in looking over these places that the lots are valuable and the cost of replacing a house like the above is quite expensive. Figure it out, then come to me and I will try to finance you if necessary.

5-room dwelling nearly new, full basement, electric lights, lot 100x140. Price $3,800; terms if desired.

7-room house, lights, water and gas, hardwood floors, new garage, a splendid home for $2,600.

9-room all modern dwelling, hot water heat, east frontage, nicely located on paved street, not far from city hall. Price low for immediate sale, $7,500

New house, built last year, has four rooms, two more rooms can be finished, electric lights. A good home for $1,800.

Four-room dwelling, lights, gas, water and in good repair, can be bought on very easy terms, $2,300.

Semi-modern duplex, 5 rooms on each side, in good repair, priced low for quick sale. Call us about this property.

Eight-room dwelling, with grocery store in connection, stock, fixtures and all for $6,000.

Wanted, several five and six-room houses to sell, if you have one to sell come in and talk it over with us, we can sell it if it is right and the price is right.

As soon as the weather permits we will have several new bungalows under construction, five and six rooms, which we will be glad to quote prices on, if interested in a new home call in and see us.

We have other property to sell that the owners will not allow us to advertise but come in and we will tell you about it.

HECK RESOLUTION WOULD LET PEOPLE DECIDE UPON WAR

Calls on Congress to Submit to States Amendment to Constitution

PROVIDES REFERENDUM BEFORE WAR CAN BE DECLARED BY U. S.

Resolution Recommended for Passage by Senate Committee

MADISON, Wis.—The Heck resolution asking Congress to submit to the states a constitutional amendment providing for a referendum vote before the declaration of war, promises to precipitate a fight when it comes up in the senate Wednesday.

The amendment asked for would provide that "except in case of actual physical invasion of the United States or in case of such imminent danger as not to admit of delay, Congress shall not declare the existence of a state of war with any foreign power until after the submission of such question to the electors of the various states and until after an affirmative vote thereon by a majority of such electors." The amendment would further provide that "the president shall have the power, by and with the advice and consent of the senate to enter into treaties with foreign powers by which the contracting powers bind themselves not to levy o declare war with each other until after the submission of the question whether or not war shall be levied or declared to the electors of the country proposing such question and an affirmative vote thereon by a majority of such electors."

The resolution has been recommended for adoption by the committee on judiciary.

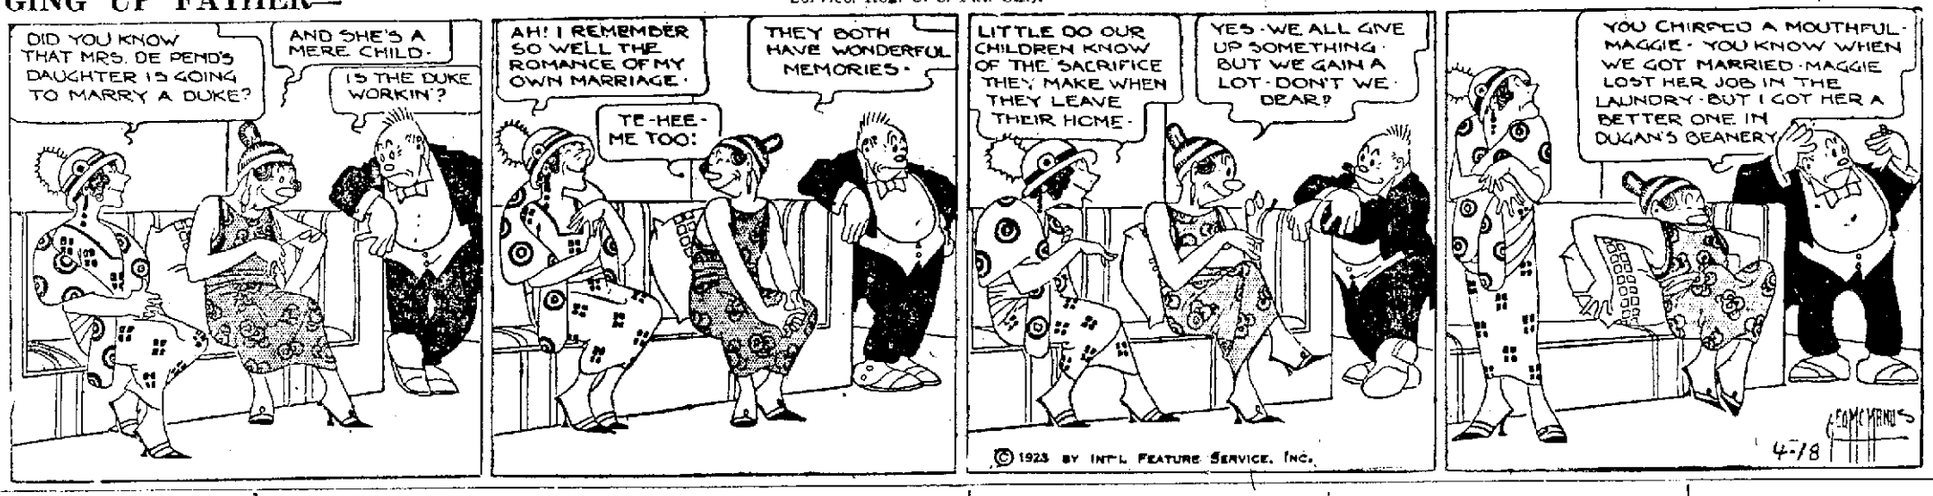

The Peltier anti-compulsory vaccination bill is scheduled to be again considered by the senate tomorrow. The upper house declined to concur in the bill last week but on motion of Senator Schumann, it was placed on the calendar for reconsideration. Advocates of the bill believe they can muster enough votes to pass it. The assembly passed it by a large majority.

The Heck bill creating an interim committee to investigate the feasibility of establishing a state-owned plant for the manufacture of cement is on tomorrow's calendar for engrossment. The state affairs committee has given an adverse report on the measure. A similar bill has been passed by the assembly.

CROWNHART SCORES DELAY OF LAW IN COMPENSATION CASE

MADISON, Wis.—The law's delay by which a Milwaukee workman, injured six years ago, has been withheld compensation while his case has been sent through a maze of legal technicalities, was dramatically told in a dissenting opinion by Justice Charles A. Crownhart of the state supreme court on Tuesday.

Six years ago Frank Goetsch, a workman on a building under construction, was injured by a board with a spike in the end falling from a height, striking him on the head so that the spike penetrated his skull.

A fellow workman removed the board. Blood spurted from the wound and the foreman was called. The foreman, who was manager of the job, examined the wound and pronounced it of a minor nature. Goetsch developed a paralysis of the right side of the body as a result of a slow venous hemorrhage of the brain which is incurable and Goetsch has been permanently disabled since a few days after the accident.

The dissenting opinion of Justice Crownhart came when the supreme court sent the case back for still further delay on Tuesday.

"Whatever is the construction of the statutes, there should be an end of this protracted proceeding," Justice Crownhart commented. "I cannot see how the mandate of the court to send this case back for another round of argument, appeals and dilatory proceedings can be justified.

"For nearly six years a workman has been a helpless invalid as a result of an industrial accident under the compensation act. For five years his claim has been shuffled back and forth in a maze of legal intricacies, and the end is nowhere in sight. I believe the law's delay is being made an instrument of oppression and injustice in this case.

"This case presents a serial story involving a tragedy for the victim of a work accident. It is a story of the law's delay in which it seems to me that technicality has been exalted through a process of metaphysical reasoning to reach a nicety of distinction that is impractical and impossible in administration and contrary to the legislative intent. It works injustice and violates the principles and purposes of the compensation act."

Goetsch's case as outlined in Justice Crownhart's opinion is an interesting story of a continuous circle from the industrial commission to circuit court and then to the supreme court and then again beginning at the industrial commission for another round of technical procedure.

SENTIMENT AGAINST "FIGHT TO FINISH" GROWS IN IRELAND

Many Citizens Favor Policy of Reconciliation Toward Irregular Forces

LONDON.—The improved prospects for early peace in Ireland, as a result of the utter disorganization of the republican movement through the recent government successes, are leading many people throughout the country to question the wisdom of pressing for a fight to the finish, says a Dublin dispatch to the Times.

"The Free State has some 12,000 or 15,000 prisoners in its jails," the correspondent writes, "and the problem of their future is becoming acute. If the government insists upon a Carthinginian peace these men will come out of the prisons cowed for the moment, but sullen and resentful at what they consider a peace of vengeance.

"More seeds of bitterness will be sown and the spirit of revenge will be kept alive by the men. Thus the children will grow up as in the past with a spirit of hatred for the existing institutions bred in their bones.

"There is a growing feeling that De Valera should, if possible, be given a chance to 'save his face.'"

LA FOLLETTE NOT TO SPEAK BEFORE MINNESOTA LEGION

MADISON, Wis.—Senator Robert M. La Follette has declined the invitation of the Virginia, Minnesota, American Legion post to deliver an address on Memorial day, because of his plan to take a brief vacation before entering on his platform work. This word was received here Wednesday from his son Robert M. La Follette, Jr.

He said that the senator will probably commence a series of speeches sometime in June.

MOONSHINE IS NOT WORSE THAN BOTTLED IN BOND WHISKY

MILWAUKEE, Wis. — Moonshine whisky was given a clean bill of health and declared to be no more dangerous than aged and "bottled in bond" whisky, by City Chemist R. W. Cunliffe, in an official report to Health Commissioner George C. Ruhland Wednesday.

In a test of eight samples selected by the police department, one of which was a sample of the moonshine drunk by Mrs. Elsie Trepte, convicted of murder while drunk, Mr. Cunliffe declares that he found less fusel oil than is found in whisky made in distilleries and aged from seven to ten years. In fact, his report declares, the amount of fusel oil increases with the age of the whisky—a statement contrary to popular belief.

Don't Let That Cold Turn Into "Flu"

Rub on Good Old Musterole.

That cold may turn into "Flu," Grippe or, even worse, Pneumonia, unless you take care of it at once.

Rub good old Musterole on the congested parts and see how quickly it brings relief.

Colds are merely congestion. Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold.

As effective as the messy old mustard plaster, it does the work without the blister.

Just rub it on with your fingertips. You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief.

35c and 65c, in jars and tubes.

Better than a mustard plaster.

Your Business—and Cement

Who operates a basic industry is less important than how many people benefit by it.

From the cement industry, an extraordinary number benefit.

In making the 455,000,000 sacks turned out last year, the mills used 8,500,000 tons of coal. This meant 8,500 coal miners steadily employed—their families, numbering not less than 25,000, maintained—and along with them tradesmen and other people enough to supply the needs of a town of over 50,000.

That is, of course, saying nothing of the business created for coal operators and transportation lines.

Sacks are a lesser item in the cement industry than coal, yet 50,000,000 new sacks, representing 50,000 bales—25,000,000 pounds—of cotton, had to be bought last year. Back of this were cotton planters, plantation workers, mill owners, mill operatives and so on—thousands altogether.

And consider these other requirements of the industry last year:

4,400,000 barrels of fuel oil
3,400,000,000 cubic feet of gas
15,000,000 pounds of explosives
32,600,000 pounds of greases and oils
1,600,000 linear feet of belting
4,500,000 firebrick for relining kilns
7,000,000 pounds of paper for bags
570,000 tons of gypsum

In addition the industry bought quantities of heavy grinding and burning machinery, locomotives, cars, rails, electrical and other necessary equipment.

It's interesting, isn't it, how a single industry can spread prosperity?
